Thematic presentation

Thematic workshop dedicated to investors and analysts – June 28th, 2016 - Paris

Transformation plan and new organization of ENGIE Group

ENGIE organizes a thematic workshop dedicated to investors and analysts, in Paris on June 28th, 2016, on the execution of its 3-year strategic transformation plan and on the new organization of the Group, with a particular focus on *métiers* and technologies.

The workshop starts at 11am (Paris time) with presentations on the strategic context of the transformation plan (CEO) and on financial aspects (CFO) and continues in the afternoon with presentations on *métiers* and on technologies (operational managers), followed by a global Q&A session.

For more details, the presentation of the thematic workshop is available on the ENGIE website under the Investors section : <http://www.engie.com/en/investors/thematic-presentations/>
