## Press Release

GDF SUEZ made an approach to the independent directors of International Power regarding a possible cash offer of 390 pence per share for the remaining International Power shares it does not already own. GDF SUEZ considers this proposal to be attractive for the minority shareholders of International Power of which it already owns 70 % with regards to the intrinsic value and growth prospects of the company.

GDF SUEZ acknowledges the decision from the independent directors of International Power that they were unable to accept its indicative offer.

GDF SUEZ will continue to consider its different options regarding International Power, including the possibility to withdraw its proposed offer (as allowed under UK rules), and reiterates that any decision by the Group will be based on a strict disciplined and value-driven approach to earnings, indebtedness and returns.
