Under the Euro Medium Term Note Programme described in this Base Prospectus (the “**Programme**”), GDF SUEZ (“**GDF SUEZ**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed €25,000,000,000 (or the equivalent in other currencies). Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in euro, U.S. dollar, Japanese yen, Swiss franc, Sterling and in any other currency agreed between GDF SUEZ and the relevant Dealers.

This Base Prospectus supersedes and replaces the Base Prospectus dated 10 May 2011 and shall be in force for a period of one year as of the date set out hereunder.

This Base Prospectus constitutes a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the “**Prospectus Directive**”) as amended (which includes the amendments made by Directive 2010/73/EU (the “**2010 PD Amending Prospectus Directive**”) to the extent that such amendments have been implemented in a Member State of the European Economic Area) in respect of, and for the purposes of giving information with regard to, GDF SUEZ and its fully consolidated subsidiaries taken as a whole (the “**Group**”), which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of GDF SUEZ.

Application has been made to the *Autorité des marchés financiers* (the “**AMF**”) in France for approval of this Base Prospectus, in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading.

Application may be made to Euronext Paris for the period of 12 months from the date of this Base Prospectus for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris and/or to the listing authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC, appearing on the list of regulated markets issued by the European Commission (a “**Regulated Market**”).

However, Notes may be issued under the Programme that are listed on other stock exchanges (whether on a Regulated Market or not) or are not listed and admitted to trading. The relevant final terms (the “**Final Terms**”) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading and, if so, the relevant stock exchange.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note will be €1,000, and if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency. Notes may be issued either in dematerialised form (the “**Dematerialised Notes**”) or, in materialised form (the “**Materialised Notes**”) as more fully described herein. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Materialised Notes will be in bearer form only and may only be issued outside France and the United States. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with Materialised Notes. No interest will be payable on the Temporary Global Certificate. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes upon certification as to non U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as defined below) intended to be cleared through Euroclear Bank S.A./N.V. (“**Euroclear**”) and/or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”), be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Programme has been rated A by Standard and Poor’s Ratings Services (“**S&P**”) and the senior unsecured notes and short term notes of the Issuer under this Programme have been assigned a rating of A1 and Prime-1 respectively by Moody’s Investors Service Ltd (“**Moody’s**”). GDF SUEZ is currently rated A1/P-1 by Moody’s and A/A-1 with stable outlook by S&P. Each of S&P and Moody’s is established in the European Union and has applied for registration under Regulation (EC) No 1060/2009 (the “**CRA Regulation**”), although the result of such applications has not yet been determined. Notes issued pursuant to the Programme may be unrated or rated differently from the current ratings of GDF SUEZ. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

The Base Prospectus, the documents incorporated by reference therein, any supplement thereto and the Final Terms will be available as described in the section entitled “Documents on Display” herein and in the relevant Final Terms.

(1) The variation of equity, group share and non controlling interests includes notably the scope effect related to the entry of International Power and to the partnership set up within GRTgaz for respectively 6.5 billion euros and 1.1 billion euros. As allowed by IFRS3R, the Group decided to apply the full goodwill option for the accounting of the acquisition of International Power.

(2) The statements of financial position as of December 31, 2010 were restated due to an error (following IAS8) discovered during the six months ended June 30, 2011 in the computation of “gas in the meter” receivable accounted for in the Energy-France business line. This error is due to the use of an incomplete model and certain incorrect calculation parameters. As the major part of the cumulated impact of this error is originated before July 22, 2008 (date of the merger of Gaz de France and Suez) the fair value of assets acquired in this transaction has been restated resulting in the correction of the goodwill, the cost of

business combination being unchanged. Accordingly, the comparative amounts for the year ended December 31, 2010 related to Goodwill, Trade and other receivables, Deferred Tax Assets, Other liabilities and Equity have been respectively restated for +366 million euros, -833 million euros, + 240 million euros, -137 million euros and -91 million euros. The comparative income statement information related to the six months ended June 2010, the twelve months ended December 31, 2010 and the Energy – France Business line key indicators have not been restated as this error has no material impact. Thus, basic and diluted earnings per share were not restated for presented periods. The 2009's and 2008's income have not been materially impacted either. Appropriate measures were implemented during the six months ended June 30, 2011, to strengthen reliability of the “gas in the meter” computation model in the Energy – France segment and to reinforce internal control accordingly. This error did by no means modify amounts billed to the 10.1 million customers in France. The detail of these restatements is available within the Notes to Condensed interim consolidated financial statements for the six months ended June 30, 2011 in our website: <http://www.gdfsuez.com/en/finance/investors/results/2011-half-year-results/2011-half-year-results/>

(3) Net debt proforma of International Power acquisition was 42.8 billion euros as of December 31, 2010.

(1) La variation des capitaux propres part du Groupe et des participations ne donnant pas le contrôle intègre notamment les effets de l'entrée d'International Power et du partenariat mis en place autour de GRTgaz pour respectivement 6,5 milliards d'euros et 1,1 milliard d'euros. Conformément à la possibilité offerte par la norme IFRS3R, le Groupe a décidé de retenir l'option dite du full goodwill dans le cadre de l'acquisition d'International Power.

(2) Le bilan présenté au titre de l'exercice 2010 a été retraité suite à la détection au cours du semestre d'une erreur, au sens de la norme IAS8, dans la détermination de la créance de « gaz en compteur » de la branche Energie France. Cette erreur résulte de l'utilisation d'un modèle incomplet et de certains paramètres de calcul erronés. L'essentiel de l'incidence cumulée de cette erreur est antérieur au 22 juillet 2008, date de la fusion entre Gaz de France et Suez, affectant ainsi la juste valeur des actifs acquis dans le cadre de cette opération, et donc le goodwill, le coût du regroupement d'entreprises demeurant inchangé. Au 31 décembre 2010, les postes Goodwill, Clients et autres débiteurs, Impôts différés actifs, Autres dettes et Capitaux propres ont été corrigés pour respectivement + 366 millions d'euros, - 833 millions d'euros, + 240 millions d'euros, - 137 millions d'euros et - 91 millions d'euros. L'impact de cette erreur sur le résultat au 30 juin 2010, au 31 décembre 2010 et sur les indicateurs clés de la branche Energie France n'est pas significatif, aussi le compte de résultat 2010 et les indicateurs de cette branche n'ont-ils pas été retraités. Les mesures appropriées ont été mises en place pour renforcer, dès le 1er semestre 2011, la fiabilité du modèle de détermination du « gaz en compteur » et adapter en conséquence les dispositifs de contrôle interne. Les montants facturés aux 10,1 millions de clients en France n'ont été en aucun cas affectés par cette erreur. Le détail de ces retraitements est communiqué dans les notes aux comptes semestriels du rapport financier semestriel publié sur notre site internet : <http://www.gdfsuez.com/fr/finance/investisseurs/resultats/resultats-semestriels-2011/resultats-semestriels-2011/>.

3 Facteurs de Risques

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

1 Risk Factors Relating to the Notes

The following paragraphs describe some of the risk factors that are material to the Notes to be admitted to trading in order to assess the market risk associated with these Notes. They do not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances. These risk factors may be completed in the Final Terms of the relevant Notes for a particular issue of Notes.

Terms defined herein shall have the same meaning as in the Terms and Conditions of the Notes.

1.1 General Risks Relating to the Notes

Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer, the Arranger or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Potential Conflicts of Interest

Each of the Issuer, the Arranger, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on an issuer of the securities taken up in the index, any of their respective affiliates or any guarantor.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgments that such Calculation Agent may make pursuant to the Terms and Conditions of the Notes that may influence the amount receivable upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Arranger, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Regulatory Restrictions

Investors whose investment activities are subject to investment laws and regulations or to review or regulation by certain authorities may be subject to restrictions on investments in certain types of debt securities. Investors should review and consider such restrictions prior to investing in the Notes.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the tax treatment of financial instruments such as the Notes. Potential investors cannot rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only such adviser is in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a directive 2003/48/EC on the taxation of savings income under the form of interest payments (the "**Savings Directive**"). The Savings Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information

exchange with certain other countries). A number of non-EU countries and territories have adopted similar measures (see “**Taxation – European Union**”).

Pursuant to the Terms and Conditions of the Notes, if a payment were to be made or collected through a Member State which has opted for a withholding system under the Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Issuer, nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note, as a result of the imposition of such withholding tax. The Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

Change of Law

The Terms and Conditions of the Notes are based on French laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French laws or administrative practice after the date of this Base Prospectus.

Liquidity Risks/Trading Market for the Notes

The Notes may not have an established trading market when issued. There can be no assurance of a secondary market for the Notes or the continued liquidity of such market if one develops.

The development or continued liquidity of any secondary market for the Notes will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer and/or the Group, and the value of any applicable reference rate, as well as other factors such as the complexity and volatility of the reference rate, the method of calculating the return to be paid in respect of such Notes, the time remaining to the maturity of the Notes, the outstanding amount of the Notes, any redemption features of the Notes, the performance of other instruments (e.g., commodities or securities) linked to the reference rates and the level, direction and volatility of interest rates generally. Such factors also will affect the market value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities.

Investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless the investor understands and is able to bear the risk that certain Notes will not be readily sellable, that the value of Notes will fluctuate over time and that such fluctuations will be significant.

Exchange Rate Risks and Exchange Controls

The principal of, or any return on, Notes may be payable in, or determined by reference or indexed to, one or more specified currencies (including exchange rates and swap indices between currencies or currency units). For investors whose financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the specified currency in which the related Notes are denominated, or where principal or return in respect of Notes is payable by reference to the value of one or more specified currencies other than by reference solely to the Investor’s Currency, an investment in such Notes entails significant risks that are not associated with a similar investment in a debt security denominated and payable in such Investor’s Currency. Such risks include, without limitation, the possibility of significant fluctuations in the rate of exchange between the applicable specified currency and the Investor’s Currency and the possibility of the imposition or modification of exchange controls by authorities with jurisdiction over such

specified currency or the Investor's Currency. Such risks generally depend on a number of factors, including financial, economic and political events over which the Issuer has no control.

Appreciation in the value of the Investor's Currency relative to the value of the applicable specified currency would result in a decrease in the Investor's Currency-equivalent yield on a Note denominated, or the principal of or return on which is payable, in such specified currency, in the Investor's Currency-equivalent value of the principal of such Note payable at maturity (if any) and generally in the Investor's Currency-equivalent market value of such Note. In addition, depending on the specific terms of a Note denominated in, or the payment of which is determined by reference to the value of, one or more specified currencies (other than solely the Investor's Currency), indices (including exchange rates and swap indices between currencies or currency units) or formulas, fluctuations in exchange rates relating to any of the currencies or currency units involved could result in a decrease in the effective yield on such Note and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of such Note to the investor.

Government and monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates, as well as the availability, of the specified currency in which a Note is payable at the time of payment of the principal or return in respect of such Note.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer, and/or that of the Group and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference assets or an index should not be taken as an indication of the reference assets' or an index's future performance during the term of any Note.

Specific French insolvency law provision regarding the rights of holders of debt securities

Under French insolvency law as amended by law n°2010-1249 dated 22 October 2010 applicable as from 1 March 2011, holders of debt securities are automatically grouped into a single assembly of holders (the "Assembly") in order to defend their common interests if a preservation (*procédure de sauvegarde*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares or securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in this Base Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

1.2 Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, inter alia, the provisions for computation of periodic interest payments, if any, redemption and issue price.

Optional Redemption

Any optional redemption feature where the Issuer is given the right to redeem the Notes early might negatively affect the market value of such Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Furthermore, since the Issuer may be expected to redeem the Notes when prevailing interest rates are relatively low, an investor might not be able to reinvest the redemption proceeds at an effective interest rate as high as the return that would have been received on such Notes had they not been redeemed.

Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

Inverse Floating Rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed base rate minus a rate based upon a reference rate. The market value of such Notes typically is more volatile than the market value of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse

floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/ Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Index-linked Notes

Index-linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an index, which itself may contain substantial credit, interest rate or other risks. The amount of principal and/or interest, if any, payable by the Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the Noteholder and may even be zero in which case the Noteholder may lose its entire investment.

Index-linked Notes are not in any way sponsored, endorsed, sold or promoted by the index sponsor or the respective licensor of the index and such index sponsor or licensor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index and/or the figure at which the index stands at any particular time. Each index is determined, composed and calculated by its respective index sponsor or licensor, without regard to the Issuer or the Notes. None of the index sponsors or licensors is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Notes to be issued or in the determination or calculation of the equation by which the Notes settle into cash. None of the index sponsors or licensors has any obligation or liability in connection with the administration, marketing or trading of the Notes. The index sponsor or licensor of an index has no responsibility for any calculation agency adjustment made for the index.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of index-linked Notes. The issue of index-linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholder or any other party such information (whether or not confidential).

Partly Paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Structured Notes

An investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Notes.

The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities.

2 Risk Factors Relating to the Issuer and its Operations

The ability of the Issuer to meet its obligations under the Notes will be ultimately dependent on its financial situation. The Group conducts its business in an environment subject to major changes and this creates numerous risks, some of which are beyond its control.

The Risk Factors relating to the Issuer and its operations are set out in pages 135 to 154 of the 2010 GDF SUEZ Reference Document as incorporated by reference in this Base Prospectus (as defined in the section “**Documents Incorporated by Reference**” of this Base Prospectus). In addition, prospective investors are invited to consider the following additional risk factor:

Risks relating to the combination with International Power plc

The combination of International Power plc and the Issuer’s Energy International Business Areas and certain assets in the UK and Turkey (the “**Combination**”) has been completed on 3 February 2011.

In addition to general risk factor relating to external growth contained in the 2010 GDF SUEZ Reference Document and incorporated by reference herein, there are specific risks relating to the Combination which include integration difficulties, failure to achieve expected benefits and synergies, involvement of managers of acquired companies and departure of key employees.

(A) **ISDA Determination for Floating Rate Notes**

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the euro-zone as selected by the Calculation Agent (the “**Principal Financial Centre**”) are quoting at or about the Relevant Time on the date on which such banks would

customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (iv) **Rate of Interest for Index Linked Interest Notes:** The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.
- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).
- (e) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating, a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.
- (f) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Final Terms.

- (h) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding:**
 - (i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to

the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

- (i) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (j) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and admitted to trading on a Regulated Market or listed on any other stock exchange and the rules of such Regulated Market or stock exchange so require, such Regulated Market or stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (k) **Calculation Agent and Reference Banks:** The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling

to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 6(c) or 6(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer's option (as may be described) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the

circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements.

So long as the Notes are listed and admitted to trading on Euronext Paris and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any arrears of interest.

To exercise such option or any other Noteholders' option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the Noteholder must deposit with any Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained from any Paying Agent, within the notice period. In the case of Materialised Bearer Notes, the Exercise Notice shall have attached to it such Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent and the Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (e) **Early Redemption:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(f) or Condition 6(j) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the

Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or Condition 6(j) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d). Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) Other Notes: The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) or Condition 6(j), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest) unless otherwise specified in the relevant Final Terms.

(f) Redemption for Taxation Reasons

- (i) If, by reason of any change in, or any change in the official application or interpretation of, French law becoming effective after the Issue Date, the Issuer [or, as the case may be, the Guarantor (in respect of the Guarantee),] would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay Additional Amounts as specified and defined under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 16, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer [or the Guarantor, as the case may be,] could make payment of principal and interest without withholding for such taxes.
- (ii) If the Issuer [or, as the case may be, the Guarantor (in respect of the Guarantee),] would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay Additional Amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at

their Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption (including, where applicable, any arrears of interest) on the latest practicable Interest Payment Date on which the Issuer [or the Guarantor, as the case may be,] could make payment of the full amount then due and payable in respect of the Notes or, if applicable, Receipts or Coupons, or, if that date is passed, as soon as practicable thereafter.

- (g) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Final Terms.
- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price subject to the applicable laws and regulations. Unless otherwise specified in the relevant Final Terms, all Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1 A and D.213-1 A of the Code for the purpose of enhancing the liquidity of the Notes.
- (i) **Cancellation:** All Notes purchased by or on behalf of the Issuer for cancellation will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer [and the Guarantor] in respect of any such Notes shall be discharged.
- (j) **Illegality:** If, by reason of any change in, or any change in the official application of French law becoming effective after the Issue Date, it will become unlawful (i) for the Issuer to perform or comply with one or more of its obligations under the Notes, [or (ii) for the Guarantor to perform or comply with one or more of its obligations under the Guarantee] the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).
- (k) **Redemption or repurchase at the option of the Noteholders in case of Change of Control:**

If a Put Option in case of Change of Control (as defined below) is specified in the relevant Final Terms, and if a Put Event (as defined below) occurs, each Noteholder will have the option to require the Issuer to redeem or repurchase all or part of the Notes held by such Noteholder on the Put Date (as defined below) at their principal amount together with interest accrued up to but excluding such date of redemption or repurchase. Such option (the “**Put Option in case of Change of Control**”) shall operate as set out below.

(A) A “**Put Event**” will be deemed to occur if:

- (i) Any person or group of persons acting in concert or any person or persons acting on behalf of any such person(s) (the “**Relevant Persons**”) (a) acquires directly or indirectly

more than 50% of the total voting rights or of the issued ordinary share capital of GDF SUEZ (or any successor entity), (b) acquires directly or indirectly a number of shares in the ordinary share capital of GDF SUEZ carrying more than 40% of the voting rights exercisable in general meetings of GDF SUEZ and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held directly or indirectly by such Relevant Person(s) (any such event being a “**Change of Control**”); and

(ii) on the date notified to the Noteholders by the Issuer in accordance with Condition 16 (the “**Relevant Announcement Date**”) that is the earlier of (x) the date of the first public announcement of the Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement, either the Notes or the senior unsecured long-term debt of GDF SUEZ carries from any of Moody’s Investors Service Limited (“**Moody’s**”), Standard & Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc. (“**S&P**”), or Fitch Ratings (“**Fitch**”) or any of their respective successors to the rating business thereof, or any other rating agency (each a “**Substitute Rating Agency**”) of international standing (each, a “**Rating Agency**”):

- (x) an investment grade credit rating (Baa3/BBB-/BBB-, or equivalent, or better), and such rating from any rating agency is, within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+/BB+, or equivalent, or worse) or withdrawn and is not, within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such Rating Agency; or
- (y) a non-investment grade credit rating (Ba1/BB+/BB+, or equivalent, or worse), and such rating from any Rating Agency is within the Change of Control Period either downgraded by one or more notches (for illustration, Ba1/BB+/BB+ to Ba2/BB/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such Rating Agency;

provided that, for the avoidance of doubt,

1. any such decision of the relevant Rating Agency referred to in (x) or (y) above shall not be deemed to have occurred in respect of a particular Change of Control if such Rating Agency does not publicly announce or confirm that such decision was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control; and
2. if at the time of the occurrence of a Change of Control neither the Notes nor the senior unsecured long-term debt of GDF SUEZ is rated by a Rating Agency, and no Rating Agency assigns within the Change of Control Period an investment grade rating to the Notes, a Put Event will be deemed to have occurred.

- (B) Promptly upon the Issuer [or the Guarantor] becoming aware that a Put Event has occurred the Issuer shall give notice (a **“Put Event Notice”**) to the Noteholders in accordance with Condition 15 specifying the nature of the Put Event, the circumstances giving rise to it and the procedure for exercising the option contained in this Condition.
- (C) To exercise the Put Option in case of Change of Control to require redemption or repurchase of the Notes, any Noteholder must transfer or cause to be transferred the Notes to be so redeemed or repurchased to the account of any Paying Agent and deliver to the Issuer a duly completed redemption or repurchase notice in writing (a **“Change of Control Put Notice”**), in which such Noteholder will specify a bank account to which payment is to be made under this paragraph, within the period (the **“Put Period”**) of 45 days after a Put Event Notice is given (except where (i) the Noteholder gives the Issuer written notice of the occurrence of a Put Event of which it is aware and (ii) the Issuer fails to give a Put Event Notice to the Noteholders by close of business of the third Business Day after the receipt of such notice from the Noteholder, in which case the Put Period will start from such third Business Day and will end on the day falling 45 days thereafter).

A Change of Control Put Notice once given shall be irrevocable. The Issuer shall redeem or repurchase the Notes in respect of which the Put Option in case of Change of Control has been validly exercised as provided above and subject to the transfer of the Notes, on the date which is the fifth Business Day following the end of the Put Period (the **“Put Date”**). Payment in respect of such Notes will be made by transfer to the bank account specified in the Change of Control Put Notice.

- (D) For the purposes of this Condition:

“Change of Control Period” means the period commencing on the Relevant Announcement Date, and ending 180 days (inclusive) after the occurrence of the relevant Change of Control (or such longer period for which the Notes or the senior unsecured long-term debt of GDF SUEZ are under consideration (such consideration having been announced publicly within the period ending 120 days after the occurrence of the relevant Change of Control) for rating review or, as the case may be, rating by, a Rating Agency, such period not to exceed 60 days after the public announcement of such consideration);

“Relevant Potential Change of Control Announcement” means any public announcement or statement by the Issuer, GDF SUEZ or any Relevant Person thereto relating to any potential Change of Control.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Euroclear France Account Holders for the benefit of the Noteholders or (in the case of Dematerialised Notes in fully registered form) to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Euroclear France Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any arrears of interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of

payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank. No payments in respect of Materialised Bearer Notes shall be made by transfer to an account in, or mailed to an address in, the United States.

“**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer [or the Guarantor, if payment is being made under the Guarantee].
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent initially appointed under the Agency Agreement and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registration Agent, the Redenomination Agent and the Consolidation Agent act solely as agents of each Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registration Agent, the Redenomination Agent and the Consolidation Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) in the case of Dematerialised Notes in fully registered form a Registration Agent, (v) Paying Agents having specified offices in at least two major European cities, (vi) in the case of Materialised Notes, a Paying Agent in a Member State of the EU that will not be obliged to withhold or deduct tax pursuant to the European Council Directive 2003/48/EC or any other EU Directive on the taxation of savings income (which may be any of the Paying Agents referred to in (v) above) implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000, or pursuant to any law implementing or complying with, or introduced in order to conform to, such Directive and (vii) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer [(or the Guarantor, if payment is being made under the Guarantee)] shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and Receipts and unexchanged Talons:

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any arrears of interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer [and the Guarantor, as the case may be,] may require.
- (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any arrears of interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer

Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in euro, which is a TARGET Business Day.

8 Taxation

- (a) **Taxation:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional amounts:** If applicable law should require that payments of principal or interest made by the Issuer in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever levied by the Republic of France, the Issuer [or as the case may be, the Guarantor in the case of payments under the Guarantee,] will, to the fullest extent then permitted by law, pay such additional amounts (“**Additional Amounts**”) as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
 - (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is (i) entitled to avoid such deduction or withholding by making a declaration of non-residence or other similar claim for exemption to the financial intermediary, the Issuer or the competent tax authority; or (ii) liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
 - (ii) **Presentation more than 30 days after the Relevant Date:** presented for payment more than 30 days after the Relevant Date except to the extent that the Noteholder would have been entitled to such Additional Amounts on presenting it for payment on the thirtieth such day; or

- (iii) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other EU Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iv) **Payment by another Paying Agent:** presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the EU.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of arrears of interest, references to “**becomes due**” shall be interpreted in accordance with the provisions of Condition 5(g)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all arrears of interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any Additional Amounts that may be payable under this Condition.

- (c) **Supply of Information:** Each holder of Notes shall be responsible for supplying to the Paying Agent, in a reasonable and timely manner, any information as may be required in order to comply with the identification and reporting obligations imposed on it by the European Council Directive 2003/48/EC or any other European Directive implementing the conclusions of the ECOFIN Council Meeting dated 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive.

9 Events of Default

The following will be Events of Default (each, an “**Event of Default**” with respect to any Note):

- (a) the Issuer defaults in any payment when due of principal or interest on any Note [and the Guarantor defaults in any payment when due under the Guarantee] (including the payment of any Additional Amounts pursuant to the provisions set forth under “**Taxation**” above); or
- (b) there is a default by the Issuer [or the Guarantor] in the due performance of any other provision of the Notes [or the Guarantee, as the case may be], and such default shall not have been cured within 30 Business Days (as defined in Condition 5(a)) after receipt by the Fiscal Agent of written notice of default given by the Representative upon request of the Noteholder; or
- (c) the Issuer [or the Guarantor] (i) shall fail to make one or more payments when due or within any applicable grace period on any indebtedness for money borrowed or guarantee of the indebtedness for money borrowed of another party in an aggregate principal amount of at least Euro 100,000,000 (or, in

each case, the equivalent in another currency) and (ii) (other than where the due date for such defaulted payment is the stated maturity) such indebtedness shall have been accelerated;

- (d) the Issuer [or the Guarantor] (i) becomes insolvent or (ii) applies for or is subject to the appointment of a *mandataire ad hoc* under French bankruptcy law or (iii) has entered into conciliation proceedings or preservation proceedings with its creditors (*procédure de conciliation ou procédure de sauvegarde*) or (iv) is subject to a judgment rendered for its judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole or part of the business (*cession totale ou partielle de l'entreprise*) or (iv) is subject to any analogous proceedings under any applicable law[; or
- (e) the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect].

Whenever an Event of Default shall have occurred and be continuing during seven calendar days, the acting Representative (as defined in Condition 11(a)) may, by written notice to the Issuer and the Fiscal Agent declare the Notes to be due and payable at their principal amount together with any accrued interest thereon, if any, upon the date that written notice is received by or on behalf of the Issuer and the Fiscal Agent. If an Event of Default specified in paragraph (d) occurs, the Notes will be immediately due and payable at their principal amount together with any accrued interest thereon, if any, without any declaration or other act on the part of any Noteholder.

10 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the “Masse”).

The Masse will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, Article L.228-65 I 3° only in the case of the transfers of assets of GDF SUEZ to any fully consolidated subsidiary of the Group for regulatory purpose, the second sentence of Article L.228-65 II and Articles R. 228-67 and R. 228-69 subject to the following provisions:

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Management Committee (*Comité de Gestion*), its Board of Directors (*Conseil d'Administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or

- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (gérants), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board (Directoire), or Supervisory Board (*Conseil de Surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- (iii) companies holding 10% or more of the share capital of the Issuer or companies having 10% or more of their share capital held by the Issuer; or persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) General Meeting

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 15 not less than 15 days prior to the date of such General Meeting. Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or, if the *statuts* of the Issuer so specify, by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) Powers of the General Meetings

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant general assembly.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(f) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

For the avoidance of doubt, in this Condition 11, the term “outstanding” (as defined in the Agency Agreement) shall not include those Notes purchased by the Issuer in accordance with Article L.213-1 A of the Code that are held by it and not cancelled.

12 Modifications

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

The Agency Agreement will be capable of amendment or waiver by the parties thereto, without the consent of Noteholders, Receiptholders or Couponholders, for the purpose of curing any ambiguity or of curing, correcting or supplementing any defective provision contained therein or in any manner which the parties to the Agency Agreement mutually deem necessary or desirable and which does not, in the reasonable opinion of the Issuer [and the Guarantor], adversely affect the interests of the Noteholders, Receiptholders or Couponholders.

13 Replacement of definitive Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market or other stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14 Further Issues and Consolidation

- (a) **Further Issues:** Unless otherwise specified in the relevant Final Terms, the Issuer may, with prior approval of the Redenomination and Consolidation Agents from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such Notes provide for such assimilation and references in these Conditions to “Notes” shall be construed accordingly.
- (b) **Consolidation:** The Issuer, with the prior approval of the Consolidation Agent, may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other Notes have been redenominated in Euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

PRO-FORMA OF THE GUARANTEE OF GDF SUEZ

The following is the pro-forma of the guarantee that GDF SUEZ is expected to issue in connection with the substitution of Issuer provided under Condition 16 of the Terms and Conditions of the Notes:

The undersigned GDF SUEZ, a public limited liability company (a *société anonyme*) with a share capital of €[●] whose head-office is located at 1, place Samuel de Champlain, 92400 Courbevoie, France, represented by [●], duly authorised to deliver this guarantee (the “**Guarantee**”) by [●] hereinafter referred to as the “**Guarantor**” or “**GDF SUEZ**”, hereby refers to:

- (A) The following Series of Euro Medium Term Notes (together, the “**Notes**”), which have been issued by GDF SUEZ under a Euro Medium Term Notes Programme in the aggregate nominal amount of Notes outstanding not exceeding at any time €25,000,000,000 (or the equivalent in any other currencies) (the “**Programme**”):

[briefly describe Series of Notes issued in respect of which the Issuer has been substituted];

- (B) the terms and conditions of the Notes (the “**Terms and Conditions**” or, with respect to a particular numbered condition, a “**Condition**”), and in particular Condition 16;
- (C) the amended and restated agency agreement (as amended or supplemented from time to time, the “**Agency Agreement**”) dated 9 September 2011 between GDF SUEZ as Issuer, Citibank, N.A., London Branch as fiscal agent and the other agents named in it;
- (D) the amended and restated dealer agreement (as amended or supplemented from time to time, the “**Dealer Agreement**” and together with the Agency Agreement, the “**Agreements**”) dated 9 September 2011 entered into between GDF SUEZ as Issuer and the Permanent Dealers and the Arranger,
- (E) the transfer by GDF SUEZ to [●], a company incorporated under the laws of [●], which as of the transfer date is a fully consolidated subsidiary of GDF SUEZ and whose head-office is located at [●] (the “**Substituted Issuer**”) of all (but not some only) of the rights, obligations and liabilities of GDF SUEZ under the Notes (including any further notes issued in accordance with Condition 14), Receipts and Coupons, as of [●].

The Guarantor hereby declares being fully aware of all the Terms and Conditions, the Agreements and the Programme.

In this context, the Guarantor hereby irrevocably and unconditionally guarantees up to a maximum outstanding principal amount of €[●], pursuant to an autonomous obligation (*garantie autonome*), to the holders of the Notes transferred to the Substituted Issuer (the “**Noteholders**”) the payment of interest and principal of the Notes. The Guarantor thus undertakes within two business days of first written demand to pay to the Noteholder an amount certified from time to time in a certificate (a “**Demand Certificate**”) that:

- (i) corresponds to interest on or principal of the Notes, or any other amount capable of falling due under the Notes (including any Additional Amounts required to be paid pursuant to the terms of the Notes); and
- (ii) has not been paid on the due date (whether at maturity, upon redemption by acceleration of maturity or otherwise) by the Substituted Issuer and remains due and owing on the date of the Demand Certificate.

This Guarantee is independent and constitutes an autonomous obligation (*garantie autonome*) of the Guarantor towards the Noteholders governed by Article 2321 of the French Civil Code and the Guarantor may not invoke any defence that the Substituted Issuer could assert against a Noteholder including the

unenforceability or invalidity of any obligation of the Substituted Issuer under the Notes. The Guarantor hereby waives any requirement that the Noteholders, in the event of any default in payment by the Substituted Issuer, first makes demand upon or seeks to enforce remedies against the Substituted Issuer before seeking to enforce this Guarantee. The Guarantor also waives any consent, extension (whether express or implied) or amendment of any of the terms of the Notes, any consolidation, merger, conveyance or transformation of the Substituted Issuer or any of its assets, or any other circumstance that might constitute a defence or discharge of a guarantor.

This Guarantee constitutes an unconditional, unsecured and unsubordinated obligation of the Guarantor and ranks and will at all times rank (save for certain exceptions required to be preferred by law) equally with all other present or future unsecured and unsubordinated indebtedness, obligations and guarantees of the Guarantor.

So long as any of the Notes or, if applicable, any Receipts or Coupons relating to them, remains outstanding (as defined in the Agency Agreement), the Guarantor will not grant any mortgage (*hypothèque*), pledge or other form of security interest (*sûreté réelle*) which are not created over cash on any of its present or future tangible assets, intangible assets or revenues in each case for the benefit of holders of other negotiable bonds, notes or debt securities it guarantees and having an original maturity of more than one year, which are, or which are capable of being quoted, listed or ordinarily dealt with on any stock exchange, without granting the same ranking security to the Notes.

None of the above shall prevent the Guarantor from securing any present or future indebtedness for the benefit of holders of other negotiable bonds, notes or debt instruments it guarantees and which are, or are capable of being, quoted, listed, or ordinarily dealt with on any stock exchange, where such indebtedness is incurred for the purpose of, and the proceeds thereof are used in, (i) the purchase of an asset and such security is provided over or in respect of such asset or (ii) the refinancing of any indebtedness incurred for the purpose of (i) above, provided that the security is provided over or in respect of the same asset.

For so long as any amount remains payable in respect of the Notes, the Guarantor will not exercise any right of subrogation against the Substituted Issuer pursuant to this Guarantee or take any other action that would result in asserting claims of the Guarantor at the same time as claims of the Noteholders.

If the Guarantor should be compelled by law to make any deduction for or on account of any present or future taxes, duties, fees or imposts, of whatsoever nature, imposed or levied by French law, it shall pay, to the extent not prohibited by French law, such Additional Amounts as may be necessary in order that the Noteholders receive, after such deduction, the amount provided in such Notes to be then due and payable.

This Guarantee shall remain in full force and effect until all of the Substituted Issuer's payment obligations arising under the Notes have been fully and irrevocably performed. Upon transfer of any of the Notes, this Guarantee will automatically pass to the new holder of such Notes. This Guarantee is governed by, and shall be construed in accordance with, French law. Any claim against the Guarantor in connection with the Guarantee may be brought before any competent court located within the jurisdiction of the Paris *Cour d'Appel*. Notice of any action or proceeding may be served on the Guarantor, for the attention of: [Chief Financial Officer, at its registered and principal office, 1, place Samuel de Champlain, 92400 Courbevoie, France].

Terms used but not defined herein shall have the meaning given to them in the Terms and Conditions as set out in the Base Prospectus of the Issuer dated 9 September 2011 relating to the Programme.

Signed in Paris on [●] in two (2) originals, one for the Guarantor and one for the Fiscal Agent under the above referred Programme.

Overview of Activities

The GDF SUEZ Group is active throughout the entire energy value chain, in electricity and natural gas, upstream to downstream:

- purchasing, production and marketing of natural gas and electricity;
- transmission, storage, distribution, management and development of major natural gas infrastructures;
- energy services and services related to environmental management (water, waste).

GDF SUEZ presents a balanced profile – not only is it active in complementary businesses throughout the entire energy value chain, it also operates in regions subject to different economic cycles and market trends.

The geographic and industrial complementarity of the two groups, SUEZ and Gaz de France, which merged in 2008, affords GDF SUEZ a leading position on the European and global energy landscape.

GDF SUEZ has a four-point development strategy:

- to reinforce its leading position in its two domestic markets, France and Benelux;
- to capitalize on the complementarities in order to expand its offers: dual gas/electricity packages, innovative energy services;
- to pursue its industrial development, in particular in upstream gas activities (exploration and production (E&P)), liquefied natural gas (LNG), infrastructures and electricity production (nuclear, renewable energies, etc.);
- to further growth opportunities on the broad international stage (Latin America, South-East Asia, Middle-East and North America), in particular by developing independent power production in new strongly growing markets as well as through integrated E&P and LNG projects in Asia.

Listed in Brussels (Belgium), Luxembourg and Paris (France), GDF SUEZ is represented in the major international indices: CAC 40, BEL 20, DJ Stoxx 50, DJ Euro Stoxx 50, Euronext 100, FTSE Eurotop 100, MSCI Europe and ASPI Eurozone.

In 2010, GDF SUEZ was ranked the largest listed utility in the world in the annual ranking of the 2,000 largest listed global companies published by Forbes magazine (24th in the general category, 3rd among French companies).

In a Group-wide participatory forum rolled out in 2009, the Group defined its fundamental values as drive, commitment, daring, and cohesion.

GDF SUEZ is structured in:

- 6 business lines (five energy business lines and one environment business line) sometimes subdivided into business areas, that operate a set of business units (BUs) which are structures that group similar activities in terms of business challenges (market, competition, regulation, cost structure, geography);
- Functional divisions that provide supervision both at corporate and business line level.

RECENT DEVELOPMENTS OF THE ISSUER

The following recent developments have been published by GDF SUEZ:

Press release dated 18 May 2011 – GDF SUEZ ready to develop offshore wind turbines in France

GDF SUEZ will answer the call for tenders issued by the French State in January 2011 to develop 3000 MW of offshore wind turbines by 2015. The Group will study all the proposals submitted under this call for tenders. In this context, GDF SUEZ just signed two major partnerships that will favor the development of offshore wind turbines and the implementation of a true French industrial sector creating activity and employment in the country.

Firstly, GDF SUEZ partnered with Areva and Vinci, both front-running French industrial players. This consortium brings together complementary competence and recognized expertise in offshore technologies.

Secondly, GDF SUEZ also acquired MAÏA EolMer, a specialist in the study and development of offshore wind farms.

Moreover, GDF SUEZ has been working with its subsidiary La Compagnie du Vent since 2005 on the Deux Côtes offshore wind farm project in the Dieppe-Le Tréport. This project is located in a region identified by the French State within the framework of its call for tenders, where an offshore wind farm for up to 750 MW of installed power could be built.

GDF SUEZ is the wind power leader in France, with nearly 1000 MW already installed. The Group calls upon specialized subsidiaries and has a complete know-how covering the whole process: development, engineering, construction, operation and maintenance. GDF SUEZ deploys its wind expertise in France in an approach that always stresses on proximity and partnership with the stakeholders.

Regarding onshore wind power projects, the Group's objective is to double its installed capacity to reach nearly 2000 MW by 2016.

GDF SUEZ holds more than 8000 MW of installed electric production capacity in France. Nearly 60% of this production comes from renewable energy sources. This is emblematic of the Group's sustainable development strategy, underscoring reliable, environment-friendly production projects.

Press release dated 18 May 2011 – GDF SUEZ acquires MAÏA EolMer to develop offshore wind power in France

GDF SUEZ is announcing the acquisition of 100% of the offshore wind company developer MAÏA EolMer pursuant to an agreement concluded with the MAÏA Group. MAÏA Group which is present in public works and renewable energies sectors. This agreement further intensifies the collaboration between GDF SUEZ and the MAÏA Group, who are already partners in the development of onshore wind, through their joint subsidiary MAÏA Eolis.

The acquisition of MAÏA Eolmer will among others enable GDF SUEZ to strengthen its positioning in the regions of Courseulles sur Mer (Calvados) and Fécamp (Seine-Maritime), for the tender offer to install five wind farms off the French coasts. For close to four years now, MAÏA EolMer has been studying several development sites, in particular in Haute and Basse Normandie.

MAÏA Eolis is a 49% subsidiary of GDF SUEZ and a major wind power player in France, with 198 MW of installed capacity.

Press release dated 18 May 2011 – GDF SUEZ, VINCI and AREVA join forces to develop France's offshore wind industry

GDF SUEZ, VINCI and AREVA have signed a partnership agreement to build up a competitive, sustainable offshore wind industry which will bring jobs. The alliance has been formed to allow the groups to reply jointly to the call for tenders announced by the French President of the Republic in January 2011. The government is targeting 6000 MW of offshore wind capacity by 2020 and intends to build five offshore wind farms along the French coast. This agreement will lead to the creation of an industrial platform around three major players with complementary expertise in renewable energies and construction. It applies exclusively to three wind farms at Dieppe-Le Tréport, Courseulles-sur-Mer and Fécamp.

These three offshore wind farms should cover the electricity requirements of several million people for an average duration of 30 years. Their installation should mobilize thousands of direct and indirect jobs during their construction period and up to four thousand direct and long-term jobs for the industrial production, operation and maintenance activities.

GDF SUEZ is France's leading wind power producer with almost 1000 MW of installed capacity. It has acquired comprehensive know-how across the entire chain which it now intends to enhance with its offshore projects. In France, GDF SUEZ works with a number of specialized subsidiaries and attaches great importance to its relationship with local communities and stakeholders. With its subsidiary La Compagnie du Vent, GDF SUEZ has been working on the Deux Côtes project. This zone is situated within the Dieppe-Le Tréport area being put out to tender by the government for an offshore wind farm with an installed capacity of up to 750 MW.

VINCI, world leader in concessions and construction, has become an expert in the financing and performance of major infrastructure projects. For this major offshore wind project in France, VINCI will be mobilizing both VINCI Concessions and its Contracting (construction and energies) branch, and will be taking full advantage of its firmly-rooted network of experts and integrators around the country.

AREVA has been present in the sector since 2004 and is Europe's second-largest offshore wind industry player. Its 5 MW M5000 turbine has already brought in 600 MW of confirmed backlog with firm backing from Europe's foremost banks. This proven technology and an installed base which will total more than 120 turbines by the end of 2013, puts AREVA in a position to propose an offer which is perfectly tailored to the requirements of the French offshore wind market. The group can boast unique operating feedback which will serve as a solid foundation for building up this market.

Gérard Mestrallet, Chairman of GDF SUEZ, said: "GDF SUEZ is pursuing its strong growth in renewables and confirming its ambitions as regards offshore wind. With its partners, GDF SUEZ is positioning itself as a key player in the creation of a true offshore wind industry in France. The Group will be providing its expertise as an integrated supplier of energy solutions, combined with that of its specialized subsidiaries".

Xavier Huillard, Chairman and CEO of VINCI, said: "VINCI will be providing its expertise in concessions and in design and construction to build up the offshore wind industry. We are convinced that the quality of our combined expertise and our project for industry and employment will give us a tremendous advantage when we reply to future calls for tender put out by the French government".

Anne Lauvergeon, CEO of AREVA, said: "Today, AREVA is poised to launch a new French industry by providing proven technological solutions and strengthening its presence, which will result in the creation of thousands of long-term jobs. This partnership with major operational French players constitutes an important project for the industrial and economic development of our country".

Press release dated 31 May 2011 – Opening ceremony of Ras Laffan C, Qatar's largest power and desalination plant

The official inauguration of the Ras Laffan C power and desalination plant took place today in Qatar, in the presence of the Emir H.H. Sheikh Hamad bin Khalifa Al-Thani and Gérard Mestrallet, Chairman and CEO of GDF

SUEZ. Ras Laffan C is the largest power and water plant in the country. This major infrastructure project has a 2,730 MW generation capacity and can produce more than 286,000 cu.m of desalinated water per day.

GDF SUEZ, through International Power, and its partners, Mitsui & Co, Chubu Electric Power Company and Shikoku Electric Power Company were chosen as preferred bidders for the Ras Laffan C project in March 2008. The Consortium owns 40% of the project while the State of Qatar holds the remaining 60%.

The electricity and water will be sold through a 25 year power and water purchase agreement with Qatar General Electricity and Water Corporation. The selected power and water technology offers a highly efficient distillation and electricity production process, optimizing the natural gas consumption at low emissions.

On the occasion of the inauguration, Gerard Mestrallet, Chairman and CEO of GDF SUEZ said: “Ras Laffan C will be instrumental in meeting the energy and water needs of Qatar, which are boosted by the vast number of new industrial projects coming on stream in the next few years. As the leading private power developer in the Middle East, GDF SUEZ firmly believes in a long term-partnership with the State of Qatar.”

Ras Laffan C is the Group’s second independent power and water project in Qatar. In 2004, International Power was awarded 40% ownership in Ras Laffan B, which started production in 2008. The combined cycle gas turbine (CCGT) produces 1,025 MW of power and 272,760 cu.m/day of water.

The Qatar Electricity and Water Company expects power requirements to rise to almost 10 GW in 2020, compared to 7.6 GW today, while the country’s water needs would almost double, from 1.1 million cu.m/day in 2011 to around 2.1 million cu.m/day in 2020.

Press release dated 6 June 2011 – GDF SUEZ sells its natural gas distribution assets in Italy

GDF SUEZ has signed a firm and final agreement with the consortium composed by F2i infrastructure fund and AXA Private Equity for the disposal of G6 Rete Gas. The transaction prices the distribution assets at €772 million, which amounts to 103% of the 2010 regulated asset base, 9.3 times the Ebitda and 17.5 times the net income. The closing of the operation is expected during the 4th quarter of 2011.

This transaction is part of the Group’s asset optimization program of €10 billion by 2013, announced at the 2010 annual results presentation. The competitive process for the sale, begun early this year, aroused strong interest from of Italian and international players.

After restructuring its energy sector partnership, GDF SUEZ decided to focus its development in Italy principally around the production of electricity, mainly from renewable energy sources, and marketing electricity and natural gas. Within these new strategic orientations, the Group made several investments in 2010 reaching nearly €400 million. In addition, since the International Power acquisition, GDF SUEZ has become Italy’s largest producer of wind power. Finally, the launch of the “GDF SUEZ” brand in Italy will enhance the Group’s visibility among final customers and publicize its ambitions in the country. GDF SUEZ is looking to double its customer base to 2 million by 2015.

Italy is the Group’s third largest country in terms of revenues after France and Belgium, its two domestic markets. The Group already plays a leading role there and intends to position itself among the country’s three leading players. Active across the entire energy value chain and enjoying a fast-growing customer base, GDF SUEZ is number one in the field of energy services through its subsidiary Cofely, the third largest natural gas operator with over 1.2 million customers, and the fourth largest electrical operator. SUEZ ENVIRONNEMENT also has a strong position with more than 2.4 million users of its environmental services.

Press release dated 15 June 2011 – GDF SUEZ signed an agreement to develop its 3rd project of geothermal power plant in Indonesia

GDF SUEZ, through its subsidiary International Power, PT. Supreme Energy (Supreme Energy) and Marubeni Corporation entered into a joint venture agreement for the development of the Rantau Dedap geothermal project

located in the South Sumatra Province. Gerard Mestrallet, CEO and President of GDF SUEZ, Supramu Santosa CEO of Supreme Energy and Hiroshi Ikuno, regional CEO for Asean Marubeni Corporation signed the agreement at the occasion of the regional meeting of the World Economic Forum in Jakarta.

This agreement follows the appointment of Supreme Energy as winner of the concession (WKP) tender and the award of the geothermal mining license (IUP) to PT Supreme Energy Rantau Dedap, the company charged with further development of the project.

Supreme Energy and IPR-GDF SUEZ were joined by Marubeni Corporation to constitute a partnership bringing to the geothermal sector in Indonesia an unmatched combination of technical skills, geothermal expertise and IPP development and operation experience in Indonesia and worldwide.

PT Supreme Energy Rantau Dedap will negotiate the Power Purchase Agreement (PPA) with PT. Perusahaan Listrik Negara (PLN) for the sales of the electricity from the geothermal resource before starting exploration activities and the development of the power generation plant upon successful exploration.

The targeted 220 MW geothermal power plant in the Rantau Dedap area is part of the Indonesian Government's second 10,000 MW accelerated electricity development program. It will contribute to meeting the rising need for electricity in the country, using renewable energy resources.

GDF SUEZ is active in Indonesia through electricity, oil and gas, and water services. In Indonesia,

IPR-GDF SUEZ is the first independent producer with 1,280 MW of operating assets and 815 MW of capacity under construction (Paiton). GDF SUEZ has a 70% shareholding in International Power which is one of the leading private power developers in Asia.

Press release dated 29 June 2011 – Electrabel decided to pull out of Eandis' Board of Directors and drastically reduce its voting rights in the intermunicipal companies that act as distribution network operators in Flanders

1. As part of the process of deregulation of the electricity and gas markets, the EU called upon Member States to give greater independence to transmission and distribution network operators. Rather than achieve this by imposing strict governance rules, the different levels of government in Belgium (federal level for gas/electricity transport/transmission networks, and regional level for distribution networks) chose to go even further, by forcing Electrabel to shed its network operation activities, along with all or part of its shareholdings in the corresponding companies.

Electrabel never wanted such a radical solution but always helped to implement the practical solutions aimed at meeting the objectives imposed by the legislative bodies. The results were that (1) GDF SUEZ divested itself of all its shares in Fluxys and Elia in several stages (in March and May 2010 respectively); (2) Electrabel handed over its network operation activities in Flanders, Wallonia and Brussels to Eandis, Ores and BNO respectively; and (3) Electrabel significantly reduced its shareholdings in the network operators in these three regions.

2. In the past few months there have been various other developments. As part of the reduction of the shareholdings in the distribution network operators in the Flemish region that is just been concluded, some representatives of the municipal sector demanded that Electrabel's voting rights in the intermunicipal companies should be reduced. Other political leaders and some of the media challenged the so-called dual role of Electrabel in the distribution sector and demanded that it should get out before the date laid down by law for its departure, which is in 2018, or replaced with another private partner.

Finally, a new management team is taking its place at Eandis on the first of July. To, on the one hand, give this new management team every chance of success, in particular for drawing up and implementing – in total independence – its long-term strategy in these challenging times and on the other hand to stifle the criticism of its presence in the sector, Electrabel has decided, as of today, to waive its participation in Eandis, and to drastically reduce its own voting rights in the decision-making bodies of the intermunicipal companies that act as distribution network operators in Flanders. This means that Electrabel will:

- Waive all representation in the management bodies of Eandis;
- Waive its blocking minority in the general assemblies of the Flemish intermunicipal companies, except as regards points that are liable to have a direct impact on the asset value of its shareholding (such as profit appropriation, liquidation of the intermunicipal company, etc.);
- Limit to two the number of directors on the boards of the intermunicipal companies nominated by Electrabel, while at the same time restricting their rights and waiving all representation in the management committees of these companies.

3. The next step, which is contractually laid down for 2012, will be for Electrabel to shed its shareholdings in Sibelga upon the latter's request.

Press release dated 5 July 2011 – Astoria Energy II in New York enters commercial operation

GDF SUEZ and International Power (70% owned by GDF SUEZ) are pleased to announce that the Astoria Energy II plant in New York City commenced commercial operation on 1 July. The 575MW gas-fired project, in which IPR-GDF SUEZ North America has a 30% equity interest, will sell its entire output to the New York Power Authority under a 20-year contract. The total project cost of Astoria Energy II is approximately US\$1.3 billion (€0.9 billion).

New York, along with the New England, Texas and Mid-Atlantic states, is one of the four key U.S. markets for IPR-GDF SUEZ North America.

Gérard Mestrallet, Chairman and CEO of GDF SUEZ, commented, “Developing an enhanced and strategic presence in the high-value New York City market has been a key objective for us. When we acquired our initial stake in Astoria Energy, the expansion of the project on the adjoining site provided an attractive option to add

further value. The technology, location, and long-term supply contracts of the Astoria Energy facilities are all solid assets, and are well positioned to meet a strong demand for environmentally sound, in-city power production.”

Philip Cox, CEO of International Power, said, “New York is an attractive market and this project adds to our existing interest in the 575MW Astoria Energy I facility. Backed by a long-term offtake contract with one of the largest state public power organizations in the US, Astoria Energy II further strengthens our North America portfolio.”

This project is funded by debt and equity in a 72:28 debt-to-equity ratio. IPR-GDF SUEZ North America’s equity interest in the project amounts to US\$109 million (€75 million) for its 30% share.

Press release dated 8 July 2011 – GDF SUEZ launches its candidacy for offshore wind bid tender in France

GDF SUEZ has announced it will bid in the tender from the French government for the offshore installation of 3,000 MW of wind turbines by 2015.

The Group recently entered a partnership with VINCI and AREVA to design the best business, energy and environmental proposal. This partnership brings together the main industrial French actors of the onshore and offshore wind industry that have expertise that complements each other in the area of renewable energies and construction of major infrastructure projects. Through this consortium, the Group will contribute to creating a true industrial-scale offshore wind industry, which will generate new businesses and job creation in France.

The GDF SUEZ, VINCI and AREVA agreement is an exclusive one for three of the five suitable areas identified by the French government, which could represent as much as 1,750 MW of offshore wind power capacity: Dieppe-Le Tréport (Seine-Maritime and Somme), Courseulles-sur-Mer (Calvados) and Fécamp (Seine-Maritime). The generation output from these wind farms would supply electricity to several million inhabitants for nearly thirty years. Thousands of local jobs would be created in the construction phase and some 4,000 jobs will be maintain on the long term in the operating and maintenance phase. Development opportunities in the other two zones are currently being assessed.

As the number-one wind power producer in France with nearly 1,000 MW of installed capacity, GDF SUEZ will be supported by the technical know-how of its specialized subsidiaries, their surveys and the groundwork they have undertaken locally for many years. The Group has been developing the Deux Côtes 700 MW offshore wind project since 2005 in the Dieppe-Le Tréport area through its subsidiary La Compagnie du Vent. Its other subsidiary Maïa EolMer is developing projects in the Courseulles-sur-Mer and Fécamp areas.

Press release dated 12 July 2011 – GDF SUEZ inaugurates a new, state-of-the-art power plant in Hungary

Jean-François Cirelli, Vice-Chairman and President of GDF SUEZ and Janos Bencsik, State Secretary of Climate and Energy of the Ministry of National Development inaugurate today a cutting edge 405 MW combine cycle gas turbine (CCGT) power plant on the Dunamenti site, in Százhalombatta.

The EUR 200 million investment will increase Dunamenti power plant capacity to 1,930 MW, representing close to 20% of the country’s total installed capacity, and participate in enhancing security of energy supply in Hungary and better meeting the increasing need for electricity. Since it applies the latest technology available, this plant will at the same time reduce the environmental footprint, especially the CO2 emissions, and allow to adapt to the volatile market conditions.

This project, launched in 2009, is part of the global modernisation of the Dunamenti power plant. The new plant is outfitted with a high-efficiency dual gas and fuel turbine and a new boiler which increase the generation efficiency from the current 36% to more than 57%.

Simultaneously to the implementation of this new turbine, GDF SUEZ is dismantling the obsolete units. This project demonstrates GDF SUEZ commitment to act as a responsible investor regarding today’s major energy and environmental challenges: meeting energy needs, ensuring security of supply, combating climate change and

optimizing the use of resources. GDF SUEZ is firmly committed to implementing best practices in terms of Corporate Social Responsibility.

Major Hungarian and international companies were involved in this unique repowering project. All in all, more than 1,000 subcontractors worked on the construction site, mostly living in Százhalombatta or its vicinity.

“This 405 MW new capacity represents a unique investment in Hungary and will contribute to the security of energy supply in Hungary while being more environmental friendly and more efficient. This is the way GDF SUEZ fulfil its commitments vis-a-vis its customers and stakeholders. This new investment is also an outstanding industrial achievement by the teams of GDF SUEZ Energy Hungary and Dunamenti: through the repowering of a former plant, we were able to make the most cost effective project and to deliver a world class power plant ” stated Jean-François Cirelli, Vice-Chairman and President of GDF SUEZ.

János Bencsik, the State Secretary of Climate and Energy of the Ministry of National Development stated: "In the first half of the National Energy Strategy plan, besides the positive impacts of building energy efficiency programs, we also have to face an increasing natural gas demand. The modernization and the gradual replacement of Hungarian out-dated and low efficiency power plant units is essential. So the investment of GDF SUEZ at Százhalombatta not only answers the Government's intentions, but also fulfills the strategic goals. The government intends to give a special role to the national Magyar Villamos Művek in the completion of its domestic and regional energy ambitions. Therefore I am especially pleased to be able to celebrate a power plant development, where the national energy company owns 25% share."

Press release dated 12 July 2011 – GDF SUEZ has finalized its long-term partnership in natural gas transmission with the CNP Assurances – Caisse des Dépôts consortium

GDF SUEZ has closed its agreement with the public consortium composed of CNP Assurances, CDC Infrastructure and Caisse des Dépôts which now owns a 25% stake in GRTgaz. The consortium's offer values the 25% minority stake at €1.110 billion.¹

This agreement, announced on April 14, is the result of GDF SUEZ and the consortium's aim to jointly develop a long-term natural gas transmission partnership to operate in France and Europe.

The entry of a public partner in GRTgaz is entirely consistent with the logic of the 3rd European Directive while ensuring GRTgaz remains at the heart of the natural gas strategy of the GDF SUEZ Group and strengthening its leadership in Europe. Within this partnership, GRTgaz will extend its activities beyond France by the acquisition of the GDF SUEZ equity stakes in European transmission operators in Germany (GRTgaz Deutschland GmbH and MEGAL GmbH), and in Austria (BOG GmbH).

Press release dated 28 July 2011 – Consolidation of its position in Norway and important discovery in Indonesia: GDF SUEZ reinforces and balances its exploration & production portfolio

GDF SUEZ announced today two important milestones in the development of its portfolio of exploration & production assets. These operations are located for the one in a mature area in Norway and for the other in a promising region in Asia.

Thus, the Group acquired an additional 20% share in the offshore Njord field and in Noatun discovery in Norway, from ExxonMobil Exploration & Production Norway AS. GDF SUEZ E&P Norge AS therefore becomes the first shareholder in this licence with a 40% interest, alongside Statoil (20%, operator), E.ON Ruhrgas (30%), Faroe Petroleum (7.5%) and VNG (2.5%).

Meanwhile, GDF SUEZ, with its partner Eni Indonesia (operator of Muara Bakau PSC with a 55% share), announced a discovery in the North East of the Jangkrik gas field in the Muara Bakau licence, offshore Indonesia. This result follows the success of two exploration wells and one appraisal well drilled in 2009 and 2010 in the Jangkrik field.

Jean-Marie Dauger, Executive Vice President of GDF SUEZ, in charge of the Global Gas & LNG Business Line, explained: “These two operations highlight the GDF SUEZ E&P’s strategy and successful implementation : a balanced portfolio with a strong presence in mature areas, such as Njord in Norway, and with exploration in new areas such as in Indonesia.”

The Njord area in the Norwegian Sea is very active. The North-West Flank which is part of the Njord license is currently being drilled from Njord whilst the fast track development Hyme (ex Gygrid) recently approved by the Ministry of Petroleum and Energy will be tied back to and processed at the Njord facilities. The start of the Low Pressure Production project on the Njord field in 2013 will increase the recovery rate and extend the life of the field, in production since 1997. Entered in the licence late 2000, GDF SUEZ intends to speed up development of other discoveries in this area, thus expanding the life time of the Njord platform then used as a hub for the area. The transaction is subject to approval from the Norwegian Authorities.

In Indonesia, GDF SUEZ entered into the offshore exploration Muara Bakau PSC in September 2009 with a 45% stake. This licence is located in the Eastern part of the Kutei Basin, off the Mahakam Delta, largest river of eastern part of Borneo island (East Kalimantan). Results of this exploration well indicate more than 60 meters of net gas pay in excellent quality reservoir sands of Pliocene and Miocene ages. During the production test, the well produced high quality gas at a tubing constrained rate of 30.6 MMscfd. The gas produced will be routed to Bontang LNG plant.

Present in 16 countries, GDF SUEZ E&P built a balanced portfolio through targeted acquisitions and operated licences, to bring cash flow and additional resources to the Group. As at December 31st 2010, the E&P business unit holds 362 licences, 206 of which (57%) are operated. The reserves are 815 MBoe and the total production is 51.2 Mboe (74% gas-26% oil).

Press release dated 8 August 2011 – New wind energy projects in Canada

GDF SUEZ and International Power (70% owned by GDF SUEZ) are pleased to announce further progress in developing wind energy in Canada with new Power Purchase Agreements (PPAs) secured for two 99MW wind farms in Ontario and the start of construction of Cape Scott 1, a 99MW wind development in British Columbia.

IPR-GDF SUEZ North America has secured 20-year PPAs with the Ontario Power Authority for all of the output from the 99MW Erieau and 99 MW East Lake St. Clair wind projects. Each project is estimated to cost approximately CAD\$300 million (€214million) with commissioning of both facilities expected in 2014.

In addition, construction will shortly commence at Cape Scott 1, a 99MW wind farm with a 20-year contract with British Columbia Hydro and Power Authority. The project is estimated to cost CAD\$300 million (€214 million) and is anticipated to be in operation in 2013.

Gérard Mestrallet, Chairman and CEO of GDF SUEZ, said, “These projects demonstrate excellent further growth in our wind energy portfolio in Canada. Our global expertise and skills in wind power enable the Group to strengthen and continue to grow its position in renewable energy. With these projects we are pleased to reinforce our commitment to environmentally clean power generation within a country that shares the same priority.”

Philip Cox, CEO of International Power, commented, “Canada is a key market for renewable energy, with high quality projects that are supported by long term Feed-In Tariffs. We are delighted with our progress which strengthens our position in this attractive market with further growth opportunities.”

Press release dated 10 August 2011 – GDF SUEZ and CIC have signed a Memorandum of Understanding for cooperation across businesses and regions, in particular in Asia Pacific

As a first milestone of this cooperation, advanced exclusive talks on a €2.3 billion minority investment by CIC in the Exploration & Production division of GDF SUEZ to accelerate the development and on the €0.6 billion acquisition by CIC of a 10% stake in the LNG Atlantic liquefaction plant in Trinidad and Tobago

GDF SUEZ and China Investment Corporation (“CIC”) have signed a Memorandum of Understanding (“MoU”) for cooperation across multiple businesses and regions, in particular in Asia Pacific. GDF SUEZ and CIC will cooperate on a non-exclusive basis to help accelerate their respective strategies by exploring areas of cooperation and co-investment opportunities. The MoU will be deployed across GDF SUEZ Group’s businesses (gas, power, water and waste, and energy efficiency services) and sets up the framework for cooperation in three areas: (i) joint investment opportunities in existing and new energy-related projects in Asia Pacific; (ii) financing cooperation in new projects in Asia Pacific; and (iii) commercial sponsorship and support to GDF SUEZ in Asia Pacific region, including China, by CIC’s affiliates. The MoU will be administered through a Steering Committee chaired by the two groups’ respective CEOs.

As the first milestone of this cooperation, CIC is in advanced exclusive talks with GDF SUEZ regarding a €2.3 billion minority investment in the Exploration & Production division of GDF SUEZ (“GDF SUEZ E&P”) (excluding the 22.5% equity stake in E.F. Oil and Gas Limited (“EFOG”). CIC will own 30% of GDF SUEZ E&P, following a capital increase and a financial restructuring of GDF SUEZ E&P reducing its net financial debt to €0.7 billion.

The minority investment of CIC will reinforce GDF SUEZ E&P’s capital structure and will contribute to accelerate the development of this important activity for GDF SUEZ by providing the appropriate financial flexibility. Initiated in the 1990s via acquisitions followed by strong organic development, GDF SUEZ E&P has 2P reserves of 815 mmboe at the end of 2010, an annual production of 51 mmboe in 2010 and a significant portfolio of contingent resources and exploration prospects. With more than 1,500 employees in 13 countries, it generated €2.2 billion of revenues and €1.4 billion of EBITDA in 2010. The transaction values GDF SUEZ E&P (excluding EFOG) at c. €8.1 billion in enterprise value.

As part of the transaction, CIC would also acquire from GDF SUEZ a 10% stake in the train 1 of the Atlantic LNG liquefaction plant located in Trinidad and Tobago as well as production payments associated with trains 2, 3 and 4 for an amount of €0.6 billion.

The potential acquisition by CIC of a 30% stake in GDF SUEZ E&P and of its 10% stake in the LNG Atlantic liquefaction plant is part of GDF SUEZ’s portfolio optimization program of €10 billion, announced at the 2010 annual results presentation and would result in net cash proceeds of €2.9 billion. The transaction will be subject to condition precedents being satisfied and will be presented for consultation to GDF SUEZ’s employee representative bodies. The transaction could be finalized by the end of 2011. The GDF SUEZ Board of Directors views the cooperation with CIC and the transaction as having a strong strategic interest for GDF SUEZ.

Gérard Mestrallet, Chairman and Chief Executive Officer of GDF SUEZ, declared: “I am very pleased to enter into this MoU with CIC, a major investment force worldwide, which can help GDF SUEZ access substantial incremental financing resources and strong networks in China and throughout Asia. CIC’s investment in GDF SUEZ E&P business would be a highly attractive first milestone for our group, strategically and financially, and would support GDF SUEZ E&P’s development. We will work together with CIC to rapidly identify and implement areas of cooperation that could benefit other businesses in our group, with a geographic emphasis on China and Asia.”

Lou Jiwei, Chairman and Chief Executive Officer of China Investment Corporation, said: “We are pleased to cooperate with GDF SUEZ, a leading utility company worldwide. CIC appreciates the opportunity to access a wealth of attractive joint investment opportunities alongside GDF SUEZ across its strong competencies, for example in gas, power, environmental and other energy efficiency services. Our investment of 30% in GDF SUEZ E&P would be our first sizeable transaction in Europe to date and, together with Atlantic LNG, one of our most important investments worldwide. We are committed to working with GDF SUEZ E&P to achieve its growth prospects.”

Press release dated 11 August 2011 – Memorandum of Understanding for Financing Cooperation between GDF SUEZ and ICBC

GDF SUEZ and Industrial and Commercial Bank of China Limited (“ICBC”) have signed a Memorandum of Understanding (“MoU”) for Financing Cooperation on a non-exclusive basis. This MoU aims at supporting GDF SUEZ in the financing of its projects throughout the world, in particular in Asia Pacific and in China. It will be deployed across GDF SUEZ Group’s businesses (gas, power, water and waste, energy efficiency services).

This agreement follows the MoU on global strategic partnership signed yesterday between GDF SUEZ and China Investment Corporation (“CIC”), within which GDF SUEZ E&P will welcome CIC as a new minority investor for its development.

This MoU signed today further develops the relationship between ICBC and GDF SUEZ, two global leaders in their respective sector, and leverages both on the cooperation agreement between CIC and GDF SUEZ as well as ICBC’s “affiliate” status with CIC.

Several possible forms of financing cooperation are contemplated in the MoU, including:

- New credit lines made available to GDF SUEZ at the corporate level that would allow to support the Group’s growth opportunities;
- Other forms of credit support such as multi-year guarantees, performance bonds and letters of credit;
- Specific case-by-case project financing;
- Potential creation of Hong-Kong-based vehicle(s) to finance specific projects or portfolio of projects in China in which GDF SUEZ is involved in, assisting GDF SUEZ in best serving its customers in China;
- Potential similar structures for GDF SUEZ projects outside China, wherever ICBC wants to further grow its already important presence and footprint;
- Utilisation of ICBC financial engineering expertise to optimise financing terms and conditions for GDF SUEZ.

Gérard Lamarche, Executive Vice President and Chief Financial Officer says: “We are very pleased to enter into this MoU with ICBC as a second major step of our new partnership with CIC. This cooperation will strongly strategically and financially support GDF SUEZ Group’s development throughout Asia Pacific and China”.

Press release dated 18 August 2011 – Expansion of Jirau Hydro Project in Brazil

GDF SUEZ and International Power (70% owned by GDF SUEZ) are pleased to announce that following a successful outcome of the A-3 energy auction in Brazil on 17 August, the Jirau hydro project will be expanded from the original concession of 44 units to 50 units. This expansion will take the total capacity of the project under construction from the initial 3,300MW to 3,750MW, with the majority of its output contracted under long-term Power Purchase Agreements (PPAs).

The six units have been allocated 209MW of assured energy and 100% of this energy has been sold in the regulated market at an inflation-indexed price of R\$102MWh (US\$64/MWh) for 30 years commencing in 2014. The total assured energy for the whole project now amounts to 2,184MW, of which 73% is contracted under long-term PPAs. The balance will be sold in the free market, principally to industrial customers. In addition, this expansion may allow for a further 90MW of assured energy to be allocated to the project.

The design of the Jirau power plant took into account the potential for additional units. As a result, this expansion will benefit from shared infrastructure and economies of scale that will add value to the project.

Gérard Mestrallet, Chairman and CEO of GDF SUEZ, said, "The expansion of the Jirau project, which is the largest hydro power project currently under construction in the world, reinforces our commitment to providing Brazil with clean and renewable energy. It further illustrates the Group's strategy to increase its exposure to fast growing markets."

Philip Cox, CEO of International Power, commented, "The energy auction price and our decision to add six units to the Jirau plant allows us to capitalize on the attractive fundamentals of the Brazilian energy market, which is characterised by strong demand growth."

TAXATION

The following is a general description of certain French and European Union tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in France or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the current legislation, published case law and other published guidelines and regulations as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date (potentially with retroactive effect). This description is for general information only and does not purport to be comprehensive.

European Union

On 3 June 2003, the European Council of Economics and Finance Ministers adopted Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”). Pursuant to the Savings Directive and subject to a number of conditions being met, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, inter alia, details of payments of interest within the meaning of the Savings Directive (interest, premium or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State or to certain limited types of entities established in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner elects for the Disclosure of Information Method, or unless the Member State elects otherwise during this transitional period, withhold an amount on interest payments. The rate of such withholding tax currently equals 35 per cent..

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Savings Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Savings Directive.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

The European Commission has proposed certain amendments to the Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

France

EU Savings Directive

The Savings Directive was implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding tax

Notes issued as from 1 March 2010

Following the introduction of the French *loi de finances rectificative pour 2009 no. 3* (n° 2009-1674 dated 30 December 2009 applicable as from 1 March 2010) (the “**Law**”), payments of interest and other revenues made by the Issuer with respect to Notes issued on or after 1 March 2010 (other than Notes (described below) which are assimilated (*assimilées*) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts* interest and other revenues on such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State (the “**Deductibility Exclusion**”). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent. subject to the more favourable provisions of a tax treaty, if applicable.

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the Deductibility Exclusion will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the ruling (*rescrit*) 2010/11 (FP and FE) of the French tax authorities dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes which are to be assimilated (*assimilées*) with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to Notes which are to be assimilated (*assimilées*) and form a single series with Notes issued before 1 March 2010 and having the benefit of Article 131 *quater* of the French *Code général des impôts*, will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP) of the French tax authorities dated 8 January 2008 and 7 April 2009, respectively, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with Circular 5 I-11-98 of the French tax authorities dated 30 September 1998 and the aforementioned rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP).

In addition, interest and other revenues paid by the Issuer on Notes which are to be assimilated (*assimilées*) and form a single series with Notes issued before 1 March 2010 will not be subject to the Deductibility Exclusion, and hence will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 9 September 2011 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis to the Permanent Dealers. The Issuer will enter into a supplement to the Dealer Agreement in connection with the issue by it of any Notes. The Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of such Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in compliance with Regulation S and U.S. tax law.

In addition, until 40 days after the commencement of the offering of any Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Any such additional selling restrictions shall be included in the relevant Final Terms.
