SUEZ ENVIRONNEMENT BUSINESS LINE

SUEZ Environnement achieved a sound operating performance in 2012, particularly in water and internationally, despite the difficult economic climate in Europe. The group took a consistently dual approach: it strengthened its positions by continuously improving its performance, in both its traditional businesses and abroad; and it worked towards future growth by extending the scope of its water and waste activities towards four strategic priorities.

Strengthening the platform of water and waste activities

In the European water sector, the Group has continued to rely on robust marketing in France and Spain and to benefit from price increases and the development of new activities. In France, Lyonnaise des Eaux successfully renewed nearly all of its contracts, including in Bordeaux, while in Spain the duration of the AGBAR contracts remained high (19 years on average).

In the European waste sector, despite the difficult economic climate, SUEZ Environnement capitalized on its positioning across the entire waste value chain, particularly in recycling, where volumes grew by more than 3% during the year. The group benefited from the development of recycling units that has been ongoing for several years.

Internationally, the issues associated with the water and waste sectors, the need for infrastructure and the setting up of demanding environmental standards in many countries represent substantial growth opportunities. SUEZ Environnement now generates 31% of its revenues abroad, compared with 29% in 2011, confirming the progress made in the last several years.

Permanently adjusting our activities to help our customers become leaders in environmental performance

In a context of economic crisis and increasingly scarce resources, SUEZ Environnement's traditional markets have changed. Its activities have become more complex as customer requirements focus more and more on technology and service optimization, with growing demand for performance-related contracts. After the "Contract for Water Health", the original value-based model, Lyonnaise des Eaux took another pioneering step in 2012 by offering a contract that includes incremental pricing and an environmental element. AGBAR, meanwhile, has made its new offerings a strategic priority, creating Aqualogy, a division dedicated to new water activities, in 2011.

To help its customers become leaders in environmental performance, SUEZ Environnement has implemented an ambitious research and innovation policy, and offers technological solutions in waste management and processing, protection of water resources and reducing the environmental footprint. In 2012, the expertise of SUEZ Environnement's research centers in micropollutants enabled Lyonnaise des Eaux to rapidly offer a solution for detecting and processing perchlorates in Bordeaux and Lille.

Four strategic priorities to win new areas of growth

In 2012, SUEZ Environnement focused on four key strategic priorities on which the Group has taken a strong position.

Continuing development in smart water services is one of the strategic priorities of the Group, which has developed a higher value-added services offering, providing customers with solutions for preserving water resources, predictive and proactive rainwater management and services to park operators, farmers and individuals. In particular, SUEZ Environnement continues to develop its remote metering offering, with 270,000 Dolce Ô customers and 1.5 million smart water meters sold.

SUEZ Environnement also continued to develop its waste business in the area of recycling, while maintaining a strong presence in the traditional areas of elimination and collection. SUEZ Environnement achieved a ratio of 1.4 metric tons of waste recycled for every metric tons eliminated, in line with its target of 2 metric tons recycled for every 1 metric ton eliminated by 2016.

Internationally, SUEZ Environnement established a presence in new, high-growth regions through selective investments and with new contract models. The company won an operation and maintenance in New Delhi, to improve the water distribution service in the Malviya Nagar district, as well as a PPP contract to build and operate an energy recycling unit in Poznan, Poland.

Lastly, to respond to the challenges of the industrial water sector, SUEZ Environnement created a new, dedicated entity - Degremont Industry - which in 2012 signed contracts with ENI in Italy and BP in the Netherlands. On this market, SUEZ Environnement aims to achieve average annual growth of 10% by 2016, by developing new offerings in areas including engineering, equipment, operation and maintenance.

OTHER (CORPORATE)

Changes in the scope of consolidation generated a €5,564 million increase in net debt in 2012. The explanation for this increase is as follows:

- Acquisition of a non-controlling 30% interest in International Power. The purchase transaction involving the non-controlling interests in International Power resulted in a €8,086 million increase in net debt. To meet the requirements of the United Kingdom regulatory authorities, the Group arranged a dedicated syndicated credit facility for a total amount of €6,000 million on May 4, 2012. This facility was progressively reduced as it has been refinanced by bond issues. This dedicated syndicated credit facility was cancelled at the time of the final repayment on December 17, 2012.
- Purchase of the International Power shares issued following the conversion of a portion of the bonds convertible into International Power PLC shares.
- Sales carried out as part of the "portfolio rationalization" program reduced net debt by €2,026 million.
- Classification of IP Maestrale, Sohar and SPP as "assets held for sale" led to a decrease in net debt of €946 million at December 31, 2012.
- Other changes in the scope of consolidation reduced debt by €273 million.
- Currency fluctuations resulted in a €149 million decrease in net debt over the 2012 financial year (including €285 million on the Brazilian real and +€115 million on the Chilean peso).

In January 2012, GDF SUEZ SA repaid the €1,140 million balance on the €1,750 million bond loan with a coupon of 4.375%.

In November 2012, the bond loan of €300 million with a 5.5% coupon carried by the GDF SUEZ Alliance EIG was repaid.

In December 2012, GDF SUEZ SA repaid a bond loan of CHF975 million (€802 million) with a fixed coupon of 3.5%.

On May 31, 2012, SUEZ Environnement Company drew down €250 million on a "Club Deal" syndicated credit line.

On June 11, 2012, SUEZ Environnement Company launched an intermediated redemption offer on bonds maturing in 2014, which were issued in 2009, and carry a fixed coupon of 4.875%. Following this process, bonds worth €191 million were redeemed. On the same day, SUEZ Environnement Company launched a top-up 10-year €250 million bond issue, which matures on June 24, 2022, and carries a fixed coupon of 4.125%.

The Group also set up €700 million in new centralized credit lines, with the aim of diversifying its counterparties. The Group also obtained another extension of the syndicated loan of €4.5 billion contracted in March 2011, postponing maturity for a year, to March 27, 2018.

Under the 9th resolution, the Board of Directors would be authorized, for a period of 26 months from this Shareholders' Meeting, to increase the share capital on one or more occasions, with preferential subscription rights waived, for the benefit of employees who are members of one or more employee savings plans, within the maximum nominal amount of €40 million.

This authorization would cancel and replace the authorization granted by the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012, which has not been used.

However, the Board may set a subscription price different from that set under the 9th resolution, should it be required by applicable local law, it being understood that in any event, this price may not be less than 80% of the average opening price of the GDF SUEZ share.

NINTH RESOLUTION

Delegation of authority to the Board of Directors to increase the share capital by issuing shares, with preferential subscription rights waived, for the benefit of the employees belonging to the GDF SUEZ Group employee savings plans

After reviewing the Board of Directors' report and the Statutory Auditors' report, and in accordance with Articles L.225-129, L.225-129-2 to L.225-129-6, L.225-138 to L.225-138-1, and L.228-91 to L.228-92 of the French Commercial Code, as well as Articles L.3332-1 et seq. of the French Labor Code, the Shareholders' Meeting, pursuant to the quorum and majority requirements applicable to the Extraordinary Shareholders' Meeting:

This amount shall count against the overall ceiling set by the 19th resolution of the Shareholders' Meeting of April 23, 2012, or, where applicable, against any ceiling set by a similar resolution that might succeed this resolution while this authorization remains valid;

2. sets the term of validity of this authorization at 26 months from the date of this Shareholders' Meeting, and deprives of effect the similar authorization previously given under the 17th resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012;
3. resolves that the issue price of the new shares or share equivalents shall be determined under the terms laid down in Articles L.3332-18 et seq. of the French Labor Code and shall be equal to 80% of the average opening price of GDF SUEZ shares on NYSE Euronext Paris stock exchange during the 20 trading sessions prior to the date of the decision setting the opening date of the subscription period for the capital increase reserved for Company employee savings plan members (the "Reference Price"). The Shareholders' Meeting nonetheless authorizes the Board of Directors to reduce or eliminate the aforementioned discount as it sees fit, subject to statutory and regulatory requirements, in order to take into account the impact of local legal, accounting, tax and social security systems;
4. authorizes the Board of Directors to award, at no cost to the beneficiaries mentioned above, and in addition to shares or share equivalents to be subscribed in cash, new or existing shares or share equivalents in substitution for all or a portion of the discount relative to the Reference Price, and/or the matching contribution, provided that the benefit from such award does not exceed the statutory or regulatory limits pursuant to Articles L.3332-18 et seq. and L.3332-11 et seq. of the French Labor Code;
5. resolves to waive the shareholders' preferential subscription rights to the securities covered by this authorization in favor of the beneficiaries mentioned above. In addition, the said Shareholders also waive any right to the bonus shares or share equivalents that would be issued pursuant to this resolution;
6. resolves that the Board of Directors, or a representative duly authorized in accordance with the law, shall have full powers to implement this authorization, within the limits and under the conditions specified above, and in particular to:
 - determine, in accordance with legal requirements, the list of companies whose members of one or more Company employee savings plans may subscribe to the shares or share equivalents thus issued and to receive, where applicable, bonus shares or share equivalents;

 - in the event of an award of bonus shares or share equivalents, set the number of shares or share equivalents to be issued, the number allocated to each beneficiary, and set the dates, periods, terms and conditions for awarding such shares or share equivalents in accordance with current statutory and regulatory requirements, and in particular decide whether to fully or partially substitute the allocation of such shares or share equivalents for the discounts relative to the Reference Price provided above, or to deduct the equivalent value of such shares from the total amount of the matching contribution, or to combine these two options;
 - record the completion of the capital increases in the amount of subscribed shares (after any reductions in the event of oversubscription);
 - where applicable, charge the costs of the capital increases against the amount of the relevant premiums and deduct from this amount the sums necessary to raise the legal reserve to one-tenth of the capital resulting from each capital increase;
 - enter into all agreements, carry out directly or indirectly by proxy all actions, including to proceed with all formalities required following capital increases, amend the bylaws accordingly and, generally, conclude all agreements, in particular to ensure completion of the proposed issues, take all measures and decisions, and accomplish all formalities required for the issue, listing and financial administration of the securities issued under this authorization and for the exercise of the rights attached thereto or required after each completed capital increase.

TENTH RESOLUTION

Delegation of authority to the Board of Directors to increase the share capital by issuing shares, with preferential subscription rights waived, for the benefit of all entities incorporated in the context of implementing the international employee shareholding plan of the GDF SUEZ Group

After reviewing the Board of Directors' report and the Statutory Auditors' report, and in accordance with Articles L.225-129, L.225-129-2 to L.225-129-6 and L.225-138 of the French Commercial Code, the Shareholders' Meeting, pursuant to the quorum and majority requirements applicable to the Extraordinary Shareholders' Meeting:

1. authorizes the Board of Directors to increase the share capital, on one or more occasions, by a maximum nominal amount of €10 million. This amount shall count against the overall ceiling set by the 19th resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012, or, where applicable, against any ceiling set by a similar resolution that might succeed this resolution while this authorization remains valid;
2. sets the term of validity of this authorization at 18 months from the date of this Shareholders' Meeting and deprives of effect the similar authorization previously given under the 18th resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012;

6. resolves to waive the shareholders' preferential subscription rights and reserve the subscription of all shares to be issued, in accordance with Article L.225-138 of the French Commercial Code, for any French or foreign entities, whether or not they have legal personality, whose sole purpose is to subscribe, hold and dispose of the Company's shares or other financial instruments in order to implement the GDF SUEZ Group international employee shareholding plan, particularly all companies created to implement the Multiple Plan and all trusts created to set up a Share Incentive plan under UK law;
7. resolves that the issue price of the new shares shall be equal to the price of the shares to be issued under the next capital increase reserved for employees who are members of a GDF SUEZ Group employee savings plan, pursuant to the 9th resolution of this General Shareholders Meeting, and which shall be equal to 80% of the average opening price of the shares on the NYSE Euronext Paris stock exchange during the 20 trading sessions preceding the date of the decision setting the opening date of the subscription period for the capital increase reserved for members of a GDF SUEZ Group employee savings plan. The Shareholders' Meeting nonetheless authorizes the Board of Directors to reduce or eliminate, as it sees fit, any discount applied to the subscription price of the shares issued, pursuant to the 9th resolution of this Shareholders' Meeting (capital increase reserved for employees who are members of company employee savings plans), subject to statutory and regulatory requirements, in order to take into account the impact of local legal, accounting, tax and social security systems;
8. resolves that the Board of Directors may establish a different subscription price from that set pursuant to the previous paragraph if so required under applicable local laws, particularly as part of the implementation of a share incentive plan under UK law, provided that this price is no lower than 80% of the average opening price of the GDF SUEZ share on the NYSE Euronext Paris stock market during the 20 trading sessions preceding the date of the decision setting the opening date of the subscription period for the capital increase reserved for the members of GDF SUEZ Group employee savings plans;
9. resolves that the Board of Directors may determine the methods of subscription to be presented to the employees in each relevant country, subject to applicable local laws, and may select the countries to be included from among those in which the GDF SUEZ Group has consolidated subsidiaries pursuant to Article L.3344-1 of the French Labor Code and those of such subsidiaries whose employees will be able to participate in the program;
10. resolves that the amount of the capital increase or of each capital increase shall be limited, where applicable, to the amount of subscriptions received by GDF SUEZ, in accordance with applicable statutory and regulatory requirements;
11. delegates full powers to the Board of Directors, or a representative duly authorized in accordance with the law, to implement this authorization, within the limits and under the above-mentioned terms and conditions, and more specifically to:
 - determine the amounts of the issues that will be carried out under this authorization and set, inter alia, the issue price, dates, periods, terms and conditions of subscription, payment, delivery and dividend entitlement for the securities (including retroactively) as well as any other terms and conditions of issue in accordance with current statutory and regulatory requirements,

- where applicable and at its sole discretion, charge the costs of such a capital increase against the amount of the relevant premiums and deduct from this amount the sums necessary to raise the legal reserve to one-tenth of the capital resulting from each capital increase; and
- generally, enter into all agreements, in particular to ensure completion of the proposed issues, record the completion of the capital increase and amend the bylaws accordingly, take all measures and decisions and accomplish all formalities required for the issue, listing and financial administration of the securities issued under this authorization and for the exercise of the rights attached thereto or required after each completed capital increase.

Authorization to award bonus shares (Resolutions 11 and 12)

Purpose:

As in previous years, the long-term incentive plan for the Group's employees and corporate officers may involve the award of bonus shares, and no authorization to award stock options is being proposed.

Under the 11th resolution, shares would be allocated to all employees and corporate officers of Group companies, except for the executive corporate officers of the Company ("Global Plans").

The number of shares allocated would be limited to 0.5% of the share capital on the day of the Board of Directors' resolution; this amount would count against the 0.5% ceiling fixed under the 12th resolution of this Shareholders' Meeting. The shares awarded would be existing shares.

The shares awarded would be subject to a condition of continuous service at the GDF SUEZ Group at the end of the vesting period. The shares would be subject to a minimum vesting period of two years for all or part of the shares allocated and a holding period that may be set at two years from the vesting date; there may be no minimum holding period for shares subject to a minimum four-year vesting period, in which case said shares would be freely transferable once they have vested. Performance conditions may not necessarily be set.

Under the 12th resolution, shares would be allocated to some employees and corporate officers of Group companies, except for the executive corporate officers of the Company ("Discretionary Plans"). The award of shares to the beneficiaries would be subject to 1) the condition of continuous service in the GDF SUEZ Group at the end of the vesting period and 2) a vesting period of at least three years, except for some beneficiaries of the Trading activity (subject to an obligation to stagger a portion of their variable compensation, in the form of securities, over several consecutive years) who may have a vesting period of two years.

A minimum holding period may be set at two years from the vesting date; there may be no minimum holding period for shares subject to a minimum four-year vesting period, in which case said shares are freely transferable once they have vested. Some beneficiaries, including members of the Executive Committee, would be subject to the following double condition for a three-year period: half based on the net recurring income, Group share, of GDF SUEZ for the two fiscal years following allocation compared with the target net recurring income, Group share for these two years; and half based on Total Shareholder Return (TSR) (stock market performance, reinvested dividend) of the GDF SUEZ share compared with those of companies on the Eurostoxx Utilities Index (Eurozone). The other beneficiaries would be subject to the TSR condition only. For some beneficiaries in Trading (subject to an obligation to stagger a portion of their variable compensation, in the form of securities, over several consecutive years), a condition specific to their activity may be applied. The number of shares allocated would be limited to 0.5% of the share capital on the day of the Board of Directors' resolution; this amount would count against the 0.5% ceiling fixed under the 11th resolution of this Shareholders' Meeting. The shares awarded would be existing shares.

These authorizations would have a duration of 18 months from the date of this Shareholders' Meeting and would from this date deprive of effect the previous authorization granted by the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012.

ELEVENTH RESOLUTION

Authorization to the Board of Directors to award bonus shares to all employees and officers of Group companies (except for executive corporate officers of the Company)

1. authorizes the Board of Directors, or a representative duly authorized in accordance with the law, to award, pursuant to Articles L.225-197-1 et seq. of the French Commercial Code, on one or more occasions, bonus outstanding shares of the Company to the employees of the Company, as well as to the employees and corporate officers of the companies or entities related to it, except for executive corporate officers of the Company, pursuant to Article L.225-197-2 of the French Commercial Code;

3. resolves that the total number of shares that may be freely awarded under this authorization may not exceed 0.5% of the share capital outstanding as of the date of the resolution to award by the Board of Directors, and will count against the ceiling set under the 12th resolution of this Shareholders' Meeting, subject to its adoption by this Shareholders' Meeting;
4. resolves that all or some of the shares awarded will only vest after a minimum two-year period, and that a minimum holding period of two years will apply from the vesting date, it being specified that there may be no minimum holding period for shares subject to a minimum four-year vesting period, in which case said shares would be freely transferable once they have vested;
5. resolves that in the event that a beneficiary is classified as having a second or third class disability, as defined by Article L.341-4 of the French Social Security Code, the shares awarded to that beneficiary will vest immediately, with no holding period, and will be immediately transferable;
6. grants full powers to the Board of Directors, or a representative duly authorized in accordance with the law, to implement this authorization, subject to the above limitations, and in particular to:
 - determine the identities of the beneficiaries and the number of shares to be awarded to each;
 - set the conditions and, where appropriate, the criteria for awarding the shares, including the minimum vesting period and the minimum holding period;

- provide, where appropriate, for the possibility to extend the vesting period and in such case, to defer the end-date of the holding period accordingly, so that the minimum holding period remains unchanged;

4. resolves that all or some of the shares awarded will only vest after a minimum three-year period, and that a minimum holding period of two years will apply from the vesting date, it being specified that there may be no minimum holding period for shares subject to a minimum four-year vesting period, in which case said shares would be freely transferable once they have vested;

5. resolves that in the event that a beneficiary is classified as having a second or third class disability, as defined by Article L.341-4 of the French Social Security Code, the shares awarded to that beneficiary will vest immediately, with no holding period, and will be immediately transferable;
6. grants full powers to the Board of Directors, or a representative duly authorized in accordance with the law, to implement this authorization, subject to the above limitations, and in particular to:
 - determine the identities of the beneficiaries and the number of shares to be awarded to each;
 - set the conditions and, where appropriate, the criteria for awarding the shares, including the minimum vesting period and the minimum holding period;

The 14th resolution is the customary resolution that enables the formalities required by law to be carried out after the Shareholders' Meeting.

FOURTEENTH RESOLUTION

Powers to implement the resolutions adopted by the Shareholders' Meeting and to perform the related formalities

The Shareholders' Meeting grants full powers to the bearer of the original or a copy or extract of the minutes of this Shareholders' Meeting to carry out all filings and other formalities as required.

AUTHORIZATION OF THE BOARD OF DIRECTORS TO TRADE IN THE COMPANY'S SHARES (5th RESOLUTION)

On April 23, 2012, the Shareholders' Meeting authorized the Company to trade in its own shares under the following terms and conditions:

- maximum purchase price: **€40** per share (excluding transaction costs);
- maximum shareholding: **10%** of the share capital
- maximum percentage of shares acquired during the term of the program: **10%** of the shares comprising the share capital as of the date of this Shareholders' Meeting
- aggregate amount of purchases: **€9 billion**

Between the Shareholders' Meeting of April 23, 2012 and February 27, 2013, the Company has:

- purchased 2,138,100 shares on the stock market for a total of €37 million (an average price per share of €17.16) under the liquidity agreement and 3,632,160 shares for a total of €56 million (an average price per share of €15.49) under the share repurchase program;
- sold 1,995,600 shares on the stock market for a total of €36 million (an average price per share of €18.24) under the liquidity agreement.

The authorization granted by the Shareholders' Meeting of April 23, 2012 to trade in the Company's shares will expire in October 2013.

The Shareholders are now asked to renew the authorization granted to the Board of Directors to trade in the Company's shares for a same period of **18 months**, with a corresponding termination of the previous authorization.

The purchase of shares enables the maintenance of a liquid market in the Company's shares through a liquidity agreement with an independent investment services provider that complies with the Code of Ethics recognized by the Autorité des Marchés Financiers (AMF – French Financial Markets Authority); and the subsequent cancellation of shares in order to improve the return on equity and earnings per share. Share purchases may also be used: to implement programs aimed at employees or corporate officers for stock option plans to purchase or subscribe for shares or for the award of bonus shares; to carry out financial transactions via their transfer, disposal or exchange; to cover securities conferring rights to shares of the Company; and to implement any other market practices allowed or that may be allowed by the authorities, subject to communicating such information to the Company's shareholders.

This resolution shall not apply during a public tender offer for the Company.

The proposed terms and conditions of the new authorization are as follows:

- maximum purchase price: **€40** per share (excluding transaction costs);
- maximum shareholding: **10%** of the share capital
- maximum percentage of shares acquired during the term of the program: **10%** of the shares comprising the share capital as of the date of this Shareholders' Meeting
- aggregate amount of purchases: **€9.6 billion**

It is, however, specified that with respect to the particular case of shares purchased under the liquidity contract, the number of shares taken into account for calculating the 10% limit shall correspond to the number of share purchased minus the number of shares resold during the term of the authorization.

RATIFICATION OF THE APPOINTMENT AS DIRECTOR OF ANN-KRISTIN ACHLEITNER (6th RESOLUTION)

Shareholders are requested to ratify the appointment as Director of Ann-Kristin Achleitner as resolved upon by the Board of Directors at its meeting of September 19, 2012, to replace René Carron for the remainder of the latter's term of office, i.e., until the end of the Shareholders' Meeting convened in 2015 to vote on the financial statements for the fiscal year 2014.

Pursuant to Article 13.2 of the Company bylaws, the Director representing employee shareholders who will be elected by this Shareholders' Meeting will hold this office for a term of four years, i.e., until the close of the Shareholders' Meeting convened in 2017 to approve the financial statements for the fiscal year 2016.

B. BOARD OF DIRECTORS' REPORT ON THE RESOLUTIONS SUBMITTED TO THE EXTRAORDINARY SHAREHOLDERS' MEETING

Employee Shareholding

The intent of the delegations of authority under the **9th and 10th resolutions** below is to renew the authorizations previously granted to the Board of Directors by the Shareholders' Meeting to allow it to issue securities for the development of employee shareholding on a Group scale. These resolutions give the Board the power to carry out additional transactions related to employee shareholding at the time of its choosing. An information prospectus on such transactions shall be submitted, if applicable, to the AMF for approval.

As before, the objectives of employee shareholding plans are:

- to make employees genuine partners in the Group;
- to highlight value creation as one of the points in which the interests of shareholders and those of employees converge;
- to allow employees to join with shareholders in making annual decisions;
- to spread the concept of employee shareholding internationally.

Under such plans, employees are offered two investment options:

- a "Classic" investment plan, without financial leverage; and
- a "Multiple" investment plan that includes financial leverage and capital protection.

Delegation of authority to be given to the Board of Directors to increase the share capital by issuing shares, with preferential subscription rights waived, for the benefit of GDF SUEZ Group employee savings plans members (9th resolution)

In accordance with Articles L.225-129-6 and L.225-138-1 of the French Commercial Code and L.3332-1 et seq. of the French Labor Code, the **9th resolution** asks the Shareholders to authorize the Board of Directors, or a duly-authorized representative, to increase the share capital on one or more occasions by a maximum nominal amount of €40 million through the issue of shares or securities giving access to capital. Such increase shall be reserved for members of one or more Company employee savings plans (or another plan for

participants for whom Articles L. 3332-18 et seq. of the French Labor Code would allow a capital increase to be reserved under equivalent terms) established within the Company or its Group comprising the Company and the French or foreign companies within the Company's consolidation or combined in its financial statements pursuant to Article L.3344-1 of the French Labor Code.

In accordance with the law, the Shareholders' Meeting would waive the shareholders' preferential subscription rights to new shares or other securities giving access to capital in favor of the above-mentioned beneficiaries.

The issue price of new shares or securities giving access to capital would be at least 80% of the Reference Price (as that term is defined below); however, the Board may reduce or eliminate such discounts, subject to statutory and regulatory requirements, in order to take into account the impact of local legal, accounting, tax and social security systems.

For purposes of this section, the Reference Price shall mean the average trading price of the Company's stock on the NYSE Euronext Paris stock exchange during the twenty (20) trading days preceding the date of the decision setting the opening date for subscriptions by members of Company employee savings plans.

In addition to shares or securities to be subscribed in cash, the Board of Directors may award, at no cost to the beneficiaries listed above, new or existing shares or securities as a substitute for all or a portion of the discount relative to the aforementioned average, and/or the matching contribution, provided that the benefit from such award does not exceed the statutory or regulatory limits pursuant to Articles L. 3332-18 et seq. and L.3332-11 et seq. of the French Labor Code.

In accordance with the law, this decision would entail the Shareholders' waiver of any preferential right to shares or securities giving access to capital which would be freely awarded under this resolution.

The authorization would be renewed for a period of 26 months from the date of the Shareholders' Meeting of April 23, 2013, and would supersede the previous authorization given by the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012, which has not been used.

The amount of the capital increases thus carried out would count against the overall ceiling of €275 million mentioned in the 19th resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012.

Delegation of authority to be given to the Board of Directors to increase the share capital, with preferential subscription rights waived, in favor of any entities whose sole purpose is to subscribe, hold and dispose of GDF SUEZ shares or other financial instruments as part of the implementation of one of the "Multiple" plans of the GDF SUEZ Group's international employee shareholding plan (10th resolution)

The purpose of the **10th resolution** is, as previously, to ask the Shareholders to renew the delegation of authority granted to the Board of Directors to increase the Company's share capital, with preferential subscription rights waived, through the issue of shares reserved for all entities whose sole purpose is to subscribe, hold and dispose of GDF SUEZ shares or other financial instruments as part of the implementation of one of the "Multiple" plans of the GDF SUEZ Group's international employee shareholding plan, for a maximum nominal amount of **€10 million**, through the issue of no more than 10 million new shares with a par value of €1 each. The subscription price for the shares issued by the entity or entities would be equal to that offered to employees joining the Multiple plan under the 9th resolution detailed relating to the capital increase reserved for members of Company employee savings plans detailed above and which will be proposed to the present General Shareholders' Meeting, subject to the power granted to the Board of Directors when setting the price to eliminate or reduce the discount provided for in the aforementioned 9th resolution.

The shares or equity interests of the entity or entities that are the beneficiaries of this reserved share issue may be offered to the employees of consolidated foreign subsidiaries of the GDF SUEZ Group pursuant to Article L. 433-3 of the French Labor Code which for local regulatory or tax reasons may not subscribe to GDF SUEZ shares under the aforementioned 9th resolution.

The GDF SUEZ shares subscribed by the entity or entities could, where applicable, be assigned in full or in part to one or more credit institutions headquartered either in France or in another European Union Member State for the purpose of ensuring:

- in part, coverage of the Multiple plan offered to employees of foreign subsidiaries under this resolution;
- in part, coverage of the Multiple plan offered to employees of foreign subsidiaries subscribing for GDF SUEZ shares under the 9th resolution above.

The shareholders are asked to give the Board of Directors a certain amount of latitude in the choice of the structure allowing for the best implementation of the Multiple plan for the employees of the GDF SUEZ Group in the countries concerned, in light of the changes in the applicable legislation.

In order to adapt the subscription plans presented to the employees in each country concerned, where applicable, the proposed delegation of authority to the Board of Directors includes the authority granted to the Board to determine the subscription plans and to distinguish between (i) countries where employees will be offered shares or equity interests in the above-mentioned entity or entities and (ii) countries where employees will subscribe for GDF SUEZ shares under the 9th resolution above.

If, as a result of substantial subscriptions, the number of subscriptions were to exceed the maximum number of shares authorized for issue, the Board of Directors would reduce employee subscriptions in accordance with the rules that it has set under the terms of French law and within the limits set by the authorization granted by the General Shareholders' Meeting. These rules would be set by the Board of Directors by applying, as the case may be, limits on the number or proportion of employee subscriptions, and by drawing upon the following rules, with the proviso that the final rules would be set by the Board of Directors when it determines the subscription plans:

- if the maximum number of shares authorized for issue under one of the two above-mentioned resolutions is not exceeded, the employees concerned by the resolution in question would receive the full amount of their subscriptions, with the reduction in the subscriptions only concerning the oversubscribed share issue (the reduction would be made on a per-resolution basis);
- if, under the above-mentioned 9th or 10th resolutions, the number of subscriptions is greater than the maximum number of shares authorized for issue pursuant to the resolution concerned, a reduction would be made by scaling back the number of subscriptions per employee and, as needed, by a proportional reduction in employee subscriptions;
- where, under above-mentioned 9th or 10th resolutions, the number of subscriptions is greater than the maximum number of shares authorized for issue pursuant to the resolution concerned and where one of the countries falling within the scope covered by such resolution, which is itself subject, for regulatory or tax reasons, to a maximum limit on subscriptions (hereinafter the "country subject to an upper limit") also exceeds its own upper limit, a proportional reduction would be made, in priority, in the subscriptions by the employees of the country subject to an upper limit;
- however, if such a reduction does not make it possible to comply with the maximum number of shares authorized for issue pursuant to the resolution concerned, a new proportional reduction would be made affecting all the employees concerned by such resolution, including those in the country or countries subject to an upper limit, with these employees being treated in the same way as the employees in other countries;
- foreign employees who subscribe for GDF SUEZ shares under the 9th resolution above may receive, for each GDF SUEZ share subscribed, a Share Appreciation Right (SAR), which would be covered by a corresponding issue of GDF SUEZ shares under this resolution;

- in the event of a reduction in subscriptions by foreign employees for GDF SUEZ shares under the 9th resolution above, the number of shares to be issued under this resolution could also be reduced in certain cases, depending on the Multiple plans that are finalized by the Board of Directors.

The authorization would be renewed for a period of **18 months** from the date of this Shareholders' Meeting and would supersede the similar prior authorization given by the Shareholders' Meeting of April 23, 2012, which has not been used.

The amount of the capital increases thus carried out would count against the overall ceiling of €275 million mentioned in the 19th resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012.

Authorization to the Board of Directors to award bonus shares to all employees and officers of Group companies (except for executive corporate officers of the Company) (11th resolution)

The authorization given to the Board of Directors at the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012 under its 22nd resolution to award bonus shares of the Company to some employees and/or officers of the Company and/or Group companies will expire in October 2013.

The purpose of the **11th resolution** is to propose that the Shareholders' Meeting grant the Board of Directors authorization to award bonus shares to all employees and corporate officers of the Group companies, except for executive corporate officers of the Company ("Global Plans").

The number of shares awarded would be limited to 0.5% of the share capital on the day of the Board of Directors' resolution; this amount would count against the **0.5%** ceiling fixed under the 12th resolution of this General Shareholders' Meeting. The shares awarded would be outstanding shares.

The shares awarded would be subject to a condition of continuous service at the GDF SUEZ Group at the end of the vesting period. The shares would be subject to a minimum vesting period of two years for all or part of the shares allocated and a minimum holding period that may be set at two years from the vesting date. Note that there may be no minimum holding period for shares subject to a minimum four-year vesting period, in which case said shares would be freely transferable once they have vested. Performance conditions may not necessarily be set.

In accordance with the provisions of Article L.225-197-4 of the French Commercial Code, a special report will be drawn up to inform the General Shareholders' Meeting of the transactions carried out under this authorization.

Authorization to the Board of Directors to award bonus shares to some employees and officers of Group companies (except for executive corporate officers of the Company) (12th resolution)

The purpose of the **12th resolution** is to propose that the General Shareholders' Meeting grant the Board of Directors authorization to award bonus shares to some employees and corporate officers of the Group companies, except for executive corporate officers of the Company.

The number of shares awarded would be limited to 0.5% of the share capital on the day of the Board of Directors' resolution; this amount would count against the 0.5% ceiling fixed under the 11th resolution of this Shareholders' Meeting. The shares awarded would be existing shares.

The award of shares to the beneficiaries would be subject to 1) the condition of continuous service in the GDF SUEZ Group at the end of the vesting period and 2) a vesting period of at least three years, except for some beneficiaries of the Trading activity (subject to an obligation to stagger a portion of their variable compensation, in the form of securities, over several consecutive years) who may have a vesting period of two years.

A minimum holding period of two years may be set from the vesting date.

Some beneficiaries, including members of the Executive Committee, would be subject to the following double condition for a three-year period: half based on the net recurring income, Group share, of GDF SUEZ for the two fiscal years following allocation compared with the target net recurring income, Group share for these two years; and half based on Total Shareholder Return (TSR) (stock market performance, reinvested dividend) of the GDF SUEZ share compared with those of companies on the Eurostoxx Utilities Index (Eurozone). The other beneficiaries would be subject to the TSR condition only. The details of these performance conditions are as follows:

- (a) internal condition relating to net recurring income, Group share for 2015 and 2016 compared with the target net recurring income, Group share for the same years (pro forma):
- Net recurring income, Group share 2015+2016 < 90% target net recurring income, Group share 2015+2016: success rate of 0%
 - Net recurring income, Group share 2015+2016 < 90% target net recurring income, Group share 2015+2016: success rate of 33%
 - Net recurring income, Group share 2015+2016 > 90% target net recurring income, Group share 2015+2016 and < target net recurring income, Group share 2015+2016: progressive and linear success rate of 33%
 - Net recurring income, Group share 2015+2016 < target net recurring income, Group share 2015+2016: success rate of 100%

(b) external condition related to the TSR (stock market performance, reinvested dividend) of the GDF SUEZ share compared with the TSR (stock market performance, reinvested dividend) of companies on the Eurostoxx Utilities Index (Eurozone):

- GDF SUEZ TSR \leq 90% of TSR of Eurostoxx Utilities Eurozone companies: success rate of 0%
- GDF SUEZ TSR = 100% of TSR of Eurostoxx Utilities Eurozone companies: success rate of 70%
- GDF SUEZ TSR \geq 103% of TSR of Eurostoxx Utilities Eurozone companies: success rate of 100%
- For interim results (from 90% to 100% and from 100% to 103%): progressive and linear success rate
- To smooth the possible effects of volatility (gain or loss), the TSR (stock market performance, reinvested dividend) will be calculated by taking the average of the TSRs of GDF SUEZ and the Eurostoxx Utilities Eurozone companies over two months.
- For the dual condition plan, the sum of the success rate in (a) and (b) is divided by two to obtain a total success rate.

For some beneficiaries in trading (subject to an obligation to stagger a portion of their variable compensation, in the form of securities, over several consecutive years), a condition specific to their activity would be set for 2014 and 2015.

In accordance with the provisions of Article L.225-197-4 of the French Commercial Code, a special report will be drawn up to inform the General Shareholders' Meeting of the transactions carried out under this authorization.

The **11th and 12th resolutions** would apply for a period of **18 months** from this Shareholders' Meeting, and would deprive of effect the authorization (for the unused portion) previously granted under the 22nd resolution of the Combined Ordinary and Extraordinary Shareholders' Meeting of April 23, 2012.

Common provisions

The delegations of authority and authorizations referred to in the **9th, 10th, 11th and 12th resolutions** would be given to the Board of Directors or a representative duly authorized in accordance with the law.

Shareholders' attention is drawn to the statutory limitation that is imposed on the Company in implementing all delegations of authority and authorizations granted to the Board of Directors which would result in the issue of shares or securities giving access to capital. The authorizations granted under the above resolutions may only be implemented by the Board of Directors, or as applicable, by the Chairman and Chief Executive Officer or the Vice-Chairman and President acting under authorization of the Board of Directors under the conditions provided by law, as it relates to a limited number of securities such that following each proposed issue, the French government holds an interest in the Company's capital in accordance with the law on the privatization of Gaz de France, i.e., over one-third of the Company's share capital, and continues to do so after all securities giving access to capital and stock options awarded have been taken into account.

In addition, under the statutory provisions applicable to the Company, should any of the above-mentioned delegations of authority dilute the French government's shareholding, the privatization process would apply to its implementation. The "privatization process" means that the transactions must be endorsed by the French Privatization Board (Commission des participations et des transferts) and that an Order must be issued on the terms of the transaction.

The Statutory Auditors have issued a report on the **9th, 10th, 11th and 12th resolutions**, which has been made available to the shareholders in accordance with statutory and regulatory requirements.

Should the Board of Directors implement the delegation of authority given by the Shareholders under the **9th, 10th, 11th and 12th resolutions**, it must prepare, as appropriate and in accordance with the laws in force at the time of its decision, an additional report describing the final terms and conditions of the transaction, and indicate, where appropriate, its impact on the situation of holders of shares or securities giving access to capital, especially as regards the proportion of their holdings to total shareholders' equity. This report and, if applicable, that of the Statutory Auditors, would be made available to holders of shares or securities giving access to capital and then brought to their attention at the next Shareholders' Meeting.

Amendment of Article 13.3 1) (composition of the Board of Directors) of the bylaws (13th resolution)

Article 13.3 1) of the bylaws stipulates that "The terms of office of the Directors elected by the employees in accordance with this Article 13.3 shall expire either upon declaration of the results of the election that the Company is required to hold under the conditions set forth above, or in the case of the termination of the Director's contract of employment, or in the case of a removal from office pursuant to the conditions provided by the applicable laws or regulations, or in the case of Directors appointed by the General Shareholders' Meeting, for other reasons provided by law."

The purpose of the **13th resolution** is to set the expiry date of the term of office of Directors elected by employees at the close of the Ordinary Shareholders' Meeting having approved the financial statements for the previous year and meeting after the date of the declaration of the results of the election that the Company is required to hold.

Shareholders are requested to amend Article 13.3 1) of the bylaws correspondingly.

Powers to implement the resolutions adopted by the Shareholders' Meeting and to perform the related formalities (14th resolution)

The purpose of the **14th resolution** is to authorize the bearer of a copy or extract of the minutes of the Shareholders' Meeting to carry out any formalities required by law to execute the decisions made thereby.
