

IMPORTANT INFORMATION

This document does not constitute an offer to purchase or exchange or the solicitation of an offer to sell or exchange any securities of SUEZ or Gaz de France, nor shall there be any purchase, sale or exchange of securities in any jurisdiction (including the United States, Germany, Italy and Japan) in which such offer, solicitation, purchase or sale or exchange would be unlawful prior to the registration or qualification under the laws of such jurisdiction. The distribution of this communication may, in some countries, be restricted by law or regulation. Accordingly, persons who come into possession of this document should inform themselves of and observe these restrictions. To the fullest extent permitted by applicable law, SUEZ disclaims any responsibility or liability for the violation of such restrictions by any person.

The Gaz de France ordinary shares which would be issued in connection with the proposed business combination set out in this document to holders of SUEZ ordinary shares (including SUEZ ordinary shares represented by SUEZ American Depositary Shares) may not be offered or sold in the United States except pursuant to an effective registration statement under the United States Securities Act of 1933, as amended, or pursuant to a valid exemption from registration.

In connection with the proposed business combination, and as far as necessary, the required information documents will be filed with the Autorité des marchés financiers ("AMF") and, if applicable, the United States Securities and Exchange Commission ("SEC").

FORWARD-LOOKING STATEMENTS

This document contains forward-looking information and statements. These statements include financial projections, synergies, cost-savings and estimates and their underlying assumptions, statements regarding plans, objectives, savings, expectations and benefits from the transaction and expectations with respect to future operations, products and services, and statements regarding future performance. Although the managements of SUEZ believes that the expectations reflected in such forward-looking statements are reasonable, investors and holders of SUEZ ordinary shares are cautioned that forward-looking information and statements are not guarantees of future performances and are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of SUEZ, that could cause actual results, developments, synergies, savings and benefits from the transaction to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include those discussed or identified in the public filings made by SUEZ with the AMF, including those listed under "Facteurs de Risques" in the Document de Référence filed by SUEZ on April 18, 2007 (under no: D.08-0122). Except as required by applicable law, SUEZ does not undertake any obligation to update any forward-looking information or statements.

A strong historic position in our home markets

- 6 GW installed nuclear capacity (Tihange, Doel, Chooz B, Tricastin, 700 MW* in Germany)
- Know-how and skills right along the value chain
- Partnership-based growth (CEA, Total, Areva, EDF, Iberdrola/SSE,

SCK.CEN)

* After E.on transaction

The Group's nuclear strategy

- Operate existing nuclear plants for as long as technical and economic conditions allow, with safety as absolute priority
- Develop new capacity: third-generation plant by 2020, grow in key markets outside Europe as well
 - France: a natural priority
 - Europe and ROW
- Engineering and services: support the Group's development and participate in major nuclear projects for external clients

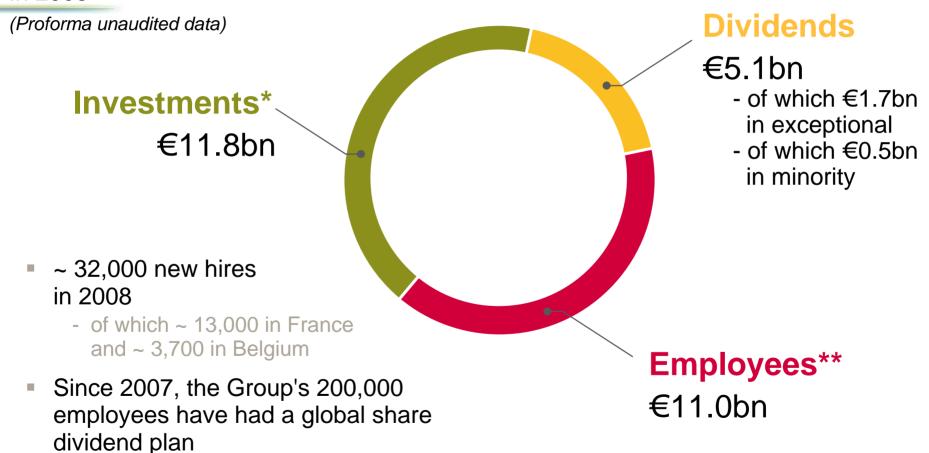

Target: to keep the share of nuclear power in the Group's energy mix at approximately 20% over the long term

A growth model combining performance with economic and social responsibility

^{*} Investments and acquisitions net of disposals ** Personnel costs
