Société Générale will transmit the purchase order upon receipt to the investment firm for execution, **after the payment of 50% of the value of the purchased shares**. Société Générale is released from all and any liability in the event of the orders received have not been sent after receipt of the order form due to reasons of force majeure.

1. CONDITIONS OF RECEIPT AND TRANSMISSION OF THE PURCHASE ORDER

1.1. Date and time stamping

Société Générale date and time stamps the order upon receipt. Only the date and time of receipt of the form by Société Générale shall be enforceable against Société Générale Securities Services. This form may be sent by mail or by fax, on the understanding that the Beneficiary recognises that he/she has been informed of the risks inherent in the use of this means of communication, such as, for example: technical systems failure, dispatching error, abusive or fraudulent use, alteration of messages, etc. The Beneficiary acknowledges that he/she entirely assumes the consequences.

1.2. Sending the order

The purchase order will be sent to the Investment firms for the execution following verification of the order's validity as soon as possible. Société Générale is released from all and any liability if, for reasons of force majeure, the orders received are not sent after receipt of the order form.

1.3. Validity

The purchase order will be valid for a maximum of 2 months (last day of the civil month following receipt of the order). Thus an order transmitted on the 15th of the month will be valid until the last business day of the following month. If the order has not been executed or remains only partially executed at the end of this period, the Beneficiary must repeat his/her instruction by sending another form.

→ **The order at best limit** is executed at the best price offered when the share is placed on the market. In the event of partial execution, the order fraction "at best limit" becomes a limit order at the price of the first execution.

→ **The limit order** will be executed at a price fixed by the originator or if necessary at the first lower price offered.

Without any indication of the order kind, the orders will be placed on the market "at best limit".

Generally, in accordance with market regulations:

- for limit orders which have been validated but not yet executed when a dividend payment is made: on the payment date, the amount of the dividend will automatically be deducted from the limit in order to replicate the equivalent drop in the share price;
- an order automatically expires when any specific benefit is allocated on the security in question (detachment of a subscription or allocation right, for example).

2. NOTIFICATION OF THE BENEFICIARY AND PAYMENT OF THE PURCHASE

Brokerage fees charged by Societe Generale to execute the purchase order are as follows:

- 0,30%, with a minimum per order of 12 EUR.

After execution of the order, Societe Generale will send a trade confirmation slip stipulating the quantity of shares purchased and the price of completion. The notification will also mention the brokerage fees and commissions. The originator undertakes to settle the whole transaction, including brokerage fees, commissions and applicable taxes upon receipt of the notice of operation. In case of non-payment, the originator authorises Societe Generale to resell the shares purchased and if necessary, a sufficient quantity of shares already held to cover the payment.

3. CANCELLATION CLAUSE

When shares bought on a regulated stock market are not credited to the Societe Generale share account on the date and under the conditions determined by market rules, the transfer of ownership is terminated as of right.

In this case, Societe Generale will make over to the originator the indemnity amount determined by the regulatory authorities governing the market or failing this the uncompleted purchase amount.

The shares will be registered in the name of the principal in "Registered" form on the registers of ENGIE after deduction of due sums in accordance with stipulations concerning the spot market foreseen under the general regulations of the CBV stock market authority.
